Annual Report 7/1/2019 to 6/30/2020: Staff successfully coordinated 19 property owners to participate in the faÁÁade improvement program. Although no faÁÁade improvements have been completed, we anticipate to solicit bidding from contractors in Winter of 2020, the commencement of construction will be dependent on COVID-19 restrictions and staying compliant within these regulations. Staff collaborated with property owners to supply a 1:1 match totaling \$148,300. The town appointed faÁÁade Advisory Board approved the budget for each property owner and the architect (Hill Studio) was able to finalize their faÁÁade improvement designs. Staff is currently working with property owners to agree with the faÁÁade designs provided by Hill Studio and will move forward with submitting these designs to the Virginia Department of Historic Resources for review.

Annual Report 7/1/2019 to 6/30/2020: One investor owner apartment was rehabilitated by June 30, 2020  
 OEY2019: Among the 5 rehabs # have dropped out, two at 102 Main st because additional income verification information was needed but the owner and tenants would not provide the needed information and the owner chose to drop out. Two because the owner of 167 Ford was being required to complete all exterior repairs before the rehabs could be done and he has not completed them. Also the rehab cost of the downstairs unit was estimated to be very high and the owner thought they could do it more cheaply. At 151 Ford, one unit is still potentially going to be done. At 151 another gutter unit was to be done as a relocation resource; but again the same owner said he could do it more cheaply.

7/1/18 to 6/30/19 EODY

2019 0/ During the course of the project 2 applications that qualified for Substantial Reconstructors activities. Each of these projects demonstrated an initial willingness to participate and were approved to move forward with finalization of housing activities plans by the Housing board. Subsequent to one applications approval the beneficiary was incarcerated. The second applicant decide that the 10 year lien was not in their best interest, despite repeated efforts from community and family and friends to show how the program would benefit. If these 2 projects materialized in project activities, the program would have exceeded the proposed benefits.

2020	

Annual Report 7/1/2019 to 6/30/2020: To combat the cancellation of several in person classes during the Summer 2020 semester due to COVID 19, MECC obtained DHCD approval to add an additional online class to the project's curricula. Thus, MECC was able to offer two online courses in spite of drastic class restructuring during the pandemic. Through press releases and four separate social media advertising campaigns in April and May 2020 MECC was able enroll a surge of students (22 LMI, 29 overall) for the Summer 2020 semester and meet the project's overall LMI beneficiary target. A total of eight UAS based class sections were taught during the reporting period, and these classes covered topics including FAA regulations, surveying, operation, assembly, and using specialized software to process images captured by UAS devices. During the reporting period, three beneficiaries attained the FAA Small Pilot License.

Annual Report 7/1/2020 to 6/30/2021: This project was designed to provide training in small, unmanned aircraft systems and sensor equipment to establish a drone-ready workforce by training 30 students; 51% of whom were to be LMI, in drone innovation courses. The project resulted in a total of 75 students participating in training during the project. Of the 75 students, 38 met LMI criteria. As of the first quarter of 2021, 41 of the 75 students were employed within the Commonwealth of Virginia.

Accomplishment Narrative

Year	# Benefiting
2020	

Annual Report 7/1/2019 to 6/30/2020: Construction is complete on the commercial kitchen (Millstone Kitchen), the brewpub (Moonbollow Brewery), and the restaurant. Millstone Kitchen opened in the summer of 2019 and hosted the "From Scratch" food-based business competition from January through March. Moonbollow Brewery opened in January 2020 and was able to stay open during COVID through a combination of curbside pickup and outdoor patio seating. Construction was completed on the restaurant shortly before business shutdowns occurred in response to COVID-19 and therefore a restaurant is still being identified.

Annual 7/1/2020 to 6/30/2021: The Old Prices Park Revitalization project finished construction on its third and final space - a Mexican restaurant in the Spring of 2021. The restaurateurs then spent several months furnishing the space, hiring staff, and coordinating with the Health Department. The restaurant was not yet open as of June 30 (but has since opened on 8/23).

---

2017	DECY narrative: Construction work began in February 2018 on the former Pines Fork Cafeteria/auditorium and kindergarten space. As of June 30 demolition was being completed. The site plan had been approved by Montgomery County and one subcontractor was on site to perform some excavation work in anticipation of structural and exterior modifications to the building. Construction will be complete in late 2018.
2018	DECY: Construction is complete on the shared use commercial kitchen and the brewpub. The kitchen (Milestone Kitchen) hired a part-time kitchen manager in January and entered into a contract with its first anchor tenant in Jun. The brewpub is expected to open in early fall. Construction will begin on the final commercial space in late August and will be complete by mid-2020.
2016	OTIS activity included the renovation of 4,290 of the former kindergarten space, and 3,850 of the former cafeteria/gymnasium space at the former Pines Fork Elementary School.

2020

Annual Report 7/1/2019 to 6/30/2020: The project was in the design phase during this reporting period, with designs under review by property owners for 4 buildings (unit 7 facades), prior to submission to DHR for review under the terms of a Programmatic Agreement. To date, owners of 118 MacArthur Lane, 100 Monroe Street, 112-114 Monroe Street, and 212 Main Street are likely to participate, though no contracts have been finalized. Designs are complete for 116 and 118 Monroe Street as well to address lighting issues. If all of these owners receive assistance, they represent 4 existing businesses and 3 vacant storefronts. Town staff continue outreach to other prospective participants in the project area.

2019

Annual report 7/1/2020 to 6/30/2021: The facade design package was complete in November 2020 and the original invitation to bid was released in December. Unfortunately no bids were received and the facade package is currently being rebid in the upcoming reporting period. Nearly a half-dozen contractors participated in the August pre-bid meeting and the project management team is hopeful about the possibility of multiple bids.

Annual Report 7/1/2019 to 6/30/2020: This report indicates information regarding the current 25 VIDA savers enrolled for business that are working to create or retain 25 jobs (25 jobs but the total number of businesses created or retained is 21 as there are 8 savers that are 4 married couples that are enrolled and working to achieve assets together for 4 businesses rather than 8 separate businesses; 17 VIDA savers are independently creating or retaining businesses/jobs through the VIDA Program) (25 VIDA savers/21 households). There are 7 VIDA savers, out of the 25 enrolled for business, that have spent their VIDA funds and have graduated from the program during this annual reporting period. The remaining 18 VIDA savers enrolled for business will graduate the VIDA Program by June 1, 2021.

7/1/2020 to 6/30/2021 Annual Report: At the beginning of this reporting period there were 16 VIDA savers enrolled for business and set to graduate the VIDA Program by June 1, 2021. However due to the economic impact of COVID-19, this grant was extended by DHCD until December 31, 2021, several homebuyers switched over to business ownership, 4 new applicants came into the program to fill open slots from those that had to withdraw, and we had 15 VIDA savers graduate during this reporting period (25 total have graduated so far during this program for business ownership). We have 11 VIDA savers still enrolled in the program for business ownership with the goal to have all 11 graduate by the end of December 2021. This report describes the 15 savers that graduated during this reporting period plus the 11 savers that are still enrolled (26 VIDA savers/20 households) (side note: 5 of these 11 just recently graduated and so there are actually only 6 savers remaining in the program).

Annual Report 7/1/2019 to 6/30/2020: During this reporting period, the Town used grant funds to reimburse the owner of two buildings in the project area for costs related to facade improvements (3 facades) undertaken as part of a larger redevelopment project, which converted two vacant, blighted buildings into 4 upper-story apartment units and 2 commercial storefronts (one hosts a new 'virtual reality' entertainment business). Additionally, the Town was finalizing negotiations with a contractor and building owners to complete facade repairs for an additional five buildings (3 owners), which will repair/remove blight from an additional 8 facades. As of the end of the reporting period, designs were under development for facade repairs on an additional 3 buildings, and an additional 2 building owners have reached out to participate.

2020

Annual Report 7/1/2019 to 6/30/2020: During this reporting period, the Town selected a contractor to complete the project's public space and street improvement activities, and construction work began in early 2020. The construction contract includes several elements: a 3,000 sq ft pocket park on Main Street, with pavings, plantings, furnishings and electrical bollards on the site of a demolished building; alleyway pavement repairs and planting of screening bushes along Peak Creek walkway/creek wall (approx. 400 ft - this was a volunteer project); and installation of poles and string lighting in two alleyways adjacent to the creek walk (140 ft. each). Construction was underway on all elements by the end of the reporting period, with final completion awaiting delivery of furnishings and metal gateway from suppliers.

Annual Report 7/1/2020 to 6/30/2021: August 20, 2020, the Town of Pilaski Architectural Review Board met to review requests for façade enhancements at 10, 14, and 31 West Main Street. All three façade requests were approved; after adequate discussion and clarification was provided. Bid package prepared for 14, 28, 37, and 59-61 West Main. Façade improvements were complete at four (4) buildings, including: 57, 69, 76, and 84 West Main. The façade improvements significantly helped the exteriors of 57 and 69; however, significant investment on the interior space is still needed. 76 West lost its original tenant during the pandemic; however, a new business is now in that space. 84 West is in great shape on both the interior and exterior; both the Town and property owner are actively showing the space and hoping to attract a new tenant soon.

Annual Report 7/1/2019 to 6/30/2020: Staff successfully coordinated 19 property owners to participate in the faÁÁade improvement program. Although no faÁÁade improvements have been completed, we anticipate to solicit bidding from contractors in Winter of 2020, the commencement of construction will be dependent on COVID-19 restrictions and staying compliant within these regulations. Staff collaborated with property owners to supply a 1:1 match totaling \$148,300. The town appointed faÁÁade Advisory Board approved the budget for each property owner and the architect (Hill Studio) was able to finalize their faÁÁade improvement designs. Staff is currently working with property owners to agree with the faÁÁade designs provided by Hill Studio and will move forward with submitting these designs to the Virginia Department of Historic Resources for review.

Annual Report 7/1/2019 to 6/30/2020: The project was in the design phase during this reporting period, with designs under review by property owners for 4 buildings (unit 7 facades), prior to submission to DHR for review under the terms of a Programmatic Agreement. To date, owners of 118 MacArthur Lane, 100 Monroe Street, 112-114 Monroe Street, and 212 Main Street are likely to participate, though no contracts have been finalized. Designs are complete for 116 and 118 Monroe Street as well to address lighting issues. If all of these owners receive assistance, they represent 4 existing businesses and 3 vacant storefronts. Town staff continue outreach to other prospective participants in the project area.

Annual report 7/1/2020 to 6/30/2021: The facade design package was complete in November 2020 and the original invitation to bid was released in December. Unfortunately no bids were received and the facade package is currently being rebid in the upcoming reporting period. Nearly a half-dozen contractors participated in the August pre-bid meeting and the project management team is hopeful about the possibility of multiple bids.

Annual Report 7/1/2019 to 6/30/2020: The project is in the design phase prior to construction during this reporting period, with 90% complete designs awaiting final regulatory approval (VDOT, DEQ). The street improvements in the bid package include: improvements to parking lot between 100 and 112 Monroe Street (20+ spaces); parking lot and public space improvements to lot surrounding Farmer's Market (approx. 0.5 acre); realigning crosswalk across Monroe Street to connect Farmer's market to parking lot; realignment of alleyway in the rear of 112-134 Monroe Street (300 ft); and; additional parking (10 spaces)/access road at 134 Monroe Street as part of the Wolf Creek Outlitters Project.

Annual Report 7/1/2020 to 6/30/2021: In December 2020 the first invitation to bid was advertised. One bid was received and the contractor was officially under contract in May 2021. Some preliminary survey work was conducted; however, as of June 30, 2021, construction was not initiated. Sidewalk construction has progressed steadily, early in the upcoming reporting period. Once complete, the project is anticipated to impact 635 people, who live in Census Block Group 4, Giles County, Virginia. The median household income in Narrows is \$50,655. The project will also provide direct benefit to 11% of minority populations. Data is available online here: <https://censusreporter.org/profiles/15000US510719204004-block-group-4-giles-va/>

Annual Report 7/1/2019 to 6/30/2020: This report indicates information regarding the current 25 VIDA savers enrolled for business that are working to create or retain 25 jobs (25 jobs but the total number of businesses created or retained is 21 as there are 8 savers that are 4 married couples that are enrolled and working to achieve assets together for 4 businesses rather than 8 separate businesses; 17 VIDA savers are independently creating or retaining businesses/jobs through the VIDA Program) (25 VIDA savers/21 households). There are 7 VIDA savers, out of the 25 enrolled for business, that have spent their VIDA funds and have graduated from the program during this annual reporting period. The remaining 18 VIDA savers enrolled for business will graduate the VIDA Program by June 1, 2021.

7/1/2020 to 6/30/2021 Annual Report: At the beginning of this reporting period there were 16 VIDA savers enrolled for business and set to graduate the VIDA Program by June 1, 2021. However due to the economic impact of COVID-19, this grant was extended by DHCD until December 31, 2021, several homebuyers switched over to business ownership, 4 new applicants came into the program to fill open slots from those that had to withdraw, and we had 15 VIDA savers graduate during this reporting period (25 total have graduated so far during this program for business ownership). We have 11 VIDA savers still enrolled in the program for business ownership with the goal to have all 11 graduate by the end of December 2021. This report describes the 15 savers that graduated during this reporting period plus the 11 savers that are still enrolled (26 VIDA savers/20 households) (side note: 5 of these 11 just recently graduated and so there are actually only 6 savers remaining in the program).

Annual Report 7/1/2019 to 6/30/2020: During this reporting period, the Town used grant funds to reimburse the owner of two buildings in the project area for costs related to facade improvements (3 facades) undertaken as part of a larger redevelopment project, which converted two vacant, blighted buildings into 4 upper-story apartment units and 2 commercial storefronts (one hosts a new 'virtual reality' entertainment business). Additionally, the Town was finalizing negotiations with a contractor and building owners to complete facade repairs for an additional five buildings (3 owners), which will repair/remove blight from an additional 8 facades. As of the end of the reporting period, designs were under development for facade repairs on an additional 3 buildings, and an additional 2 building owners have reached out to participate.

Annual Report 7/1/2019 to 6/30/2020: During this reporting period, the Town selected a contractor to complete the project's public space and street improvement activities, and construction work began in early 2020. The construction contract includes several elements: a 3,000 sq ft pocket park on Main Street, with pavings, plantings, furnishings and electrical bollards on the site of a demolished building; alleyway pavement repairs and planting of screening bushes along Peak Creek walkway/creek wall (approx. 400 ft - this was a volunteer project); and installation of poles and string lighting in two alleyways adjacent to the creek walk (140 ft. each). Construction was underway on all elements by the end of the reporting period, with final completion awaiting delivery of furnishings and metal gateway from suppliers.

Annual Report 7/1/2020 to 6/30/2021: August 20, 2020, the Town of Pilaski Architectural Review Board met to review requests for façade enhancements at 10, 14, and 31 West Main Street. All three façade requests were approved; after adequate discussion and clarification was provided. Bid package prepared for 14, 28, 37, and 59-61 West Main. Façade improvements were complete at four (4) buildings, including: 67, 69, 76, and 84 West Main. The façade improvements significantly helped the exteriors of 67 and 69; however, significant investment on the interior space is still needed. 76 West lost its original tenant during the pandemic; however, a new business is now in that space. 84 West is in great shape on both the interior and exterior; both the Town and property owner are actively showing the space and hoping to attract a new tenant soon.

Annual Report 7/1/2019 to 6/30/2020: Staff successfully coordinated 19 property owners to participate in the faÁÁade improvement program. Although no faÁÁade improvements have been completed, we anticipate to solicit bidding from contractors in Winter of 2020, the commencement of construction will be dependent on COVID-19 restrictions and staying compliant within these regulations. Staff collaborated with property owners to supply a 1:1 match totaling \$148,300. The town appointed faÁÁade Advisory Board approved the budget for each property owner and the architect (Hill Studio) was able to finalize their faÁÁade improvement designs. Staff is currently working with property owners to agree with the faÁÁade designs provided by Hill Studio and will move forward with submitting these designs to the Virginia Department of Historic Resources for review.

2020

Annual Report 7/1/2019 to 6/30/2020: No units have been substantially reconstructed this reporting period.

2019

OEDY: No units have been substantially reconstructed this fiscal year. The County just got under contract March 4, 2019. Two (2) of three (3) proposed units submitted applications. Neither of the two (2) homes slated for substantial reconstruction were ready to move forward with construction by July 1 2019. They will hopefully be served in 2020. The occupant in the third unit moved out of state, and a new occupant lives in the home.

2020

Annual Report 7/1/2019 to 6/30/2020: This report indicates information regarding the current 12 VIDA savers enrolled for homeownership (12 savers/3 married couples/9 households). During this annual reporting period 1 VIDA saver has purchased a home using their VIDA funds as a down payment and graduated the VIDA Program. There are 2 VIDA savers currently getting ready to close on their home purchase in September 2020 but that statistic is not represented in this report (exceeds the reporting period). The remaining 11 VIDA savers enrolled for homeownership are all saving money for the home purchasing process, meeting financial literacy training requirements, working on credit repair, and will purchase a home by June 1, 2021.

Annual report 7/1/2020 to 6/30/2021: During this reporting period 11 savers were enrolled in the VIDA Program for homeownership and 3 VIDA savers purchased a home (11 savers/2 married couples accounted for 3 households/5 nonmarried individuals accounted for 5 households/8 total households) (4 savers in total throughout the entire program purchased a home using VIDA so far). Last reporting period we had 12 savers enrolled for homeownership (1 graduated leaving 11 for this reporting period) however due to the economic impact of COVID 19, and the current real estate market, several savers dropped out of the program, switched over to business ownership, or switched over to the Statewide VIDA Program for homeownership (2 savers went over to Statewide to give them more time since this grant ends this year and these 2 savers are extremely close to being able to purchase their first home). Final results for this reporting period include 3 savers successfully graduated and purchased their first home, 11 savers all successfully completed financial literacy training and housing counseling, 4 savers switched to business ownership, 2 savers dropped out of the program, and 2 savers rolled into the Statewide VIDA Program for homeownership leaving 4 open slots (the 4 open slots were filled with new applicants for business ownership but this report reflects the 11 original savers that were enrolled for homeownership).

2020

Annual Report 7/1/2019 to 6/30/2020: This report indicates information regarding the current 25 VIDA savers enrolled for business that are working to create or retain 25 jobs (25 jobs but the total number of businesses created or retained is 21 as there are 8 savers that are 4 married couples that are enrolled and working to achieve assets together for 4 businesses rather than 8 separate businesses; 17 VIDA savers are independently creating or retaining businesses/jobs through the VIDA Program) (25 VIDA savers/21 households). There are 7 VIDA savers, out of the 25 enrolled for business, that have spent their VIDA funds and have graduated from the program during this annual reporting period. The remaining 18 VIDA savers enrolled for business will graduate the VIDA Program by June 1, 2021.

7/1/2020 to 6/30/2021 Annual Report: At the beginning of this reporting period there were 16 VIDA savers enrolled for business and set to graduate the VIDA Program by June 1, 2021. However due to the economic impact of COVID-19, this grant was extended by DHCD until December 31, 2021, several homebuyers switched over to business ownership, 4 new applicants came into the program to fill open slots from those that had to withdraw, and we had 15 VIDA savers graduate during this reporting period (25 total have graduated so far during this program for business ownership). We have 11 VIDA savers still enrolled in the program for business ownership with the goal to have all 11 graduate by the end of December 2021. This report describes the 15 savers that graduated during this reporting period plus the 11 savers that are still enrolled (26 VIDA savers/20 households) (side note: 5 of these 11 just recently graduated and so there are actually only 6 savers remaining in the program).

Annual Report 7/1/2019 to 6/30/2020: Staff successfully coordinated 19 property owners to participate in the faÁÁade improvement program. Although no faÁÁade improvements have been completed, we anticipate to solicit bidding from contractors in Winter of 2020. The commencement of construction will be dependent on COVID-19 restrictions and staying compliant within these regulations. Staff collaborated with property owners to supply a 1:1 match totaling \$148,300. The town appointed faÁÁade Advisory Board approved the budget for each property owner and the architect (Hill Studio) was able to finalize their faÁÁade improvement designs. Staff is currently working with property owners to agree with the faÁÁade designs provided by Hill Studio and will move forward with submitting these designs to the Virginia Department of Historic Resources for review.

2018  
 (EOY)2019: Two (2) units were substantially reconstructed this year, one of which was still under construction as of July 31, 2019. Unit will be completed by August 2019. One (1) unit that was supposed to be served in FY2019 had title issues that were unresolved, and the home became vacant. It was in such disrepair, the County condemned it and demolished it. Seven (7) SR units were proposed in this project, but only five (5) total SR units will be served in this CDRC. One (1) unit signed a declination statement and one (1) unit had unresolved title issues.

2017  
 (seven units are schedules and have been approved. Three units have been inspected and bids have been solicited.

2019  
 (The occupant of one unit had Alzheimer's and ultimately had to be moved to assisted living. All other occupants vacated the premises as well. After sitting vacant for a year the owner/sparkplug requested we just demolish the home. The owner/sparkplug never could get the title cleared, nor did she have the money to pay the delinquent taxes. The home was ultimately condemned and demolished. The property is now up for tax sale. The owner of the second unit got back together with his ex-girlfriend and they decided to renovate the house themselves. Owner ultimately moved away and the house is now vacant.

2017		Construction of 400 LF of new brick sidewalk in the downtown has been completed with the aid of the ATC at a cost in excess of \$62,850. The town is currently working on other improvements planned in conjunction with construction drawings.
2018		OEY19: Downtown connector designs are complete with final edits being made by the civil engineer during permitting prior to bidding for construction. The necessary easement for the trail has been secured; coordination with VDOT regarding paving on main street and the addition of curb islands has yield increased project development. The Town is in construction of new sidewalks along main street, including the use of permeable pavers and planting of street trees (local match).

2018

OEY2019: Two (2) units were substantially reconstructed this year, one of which was still under construction as of July 31, 2019. Unit will be completed by August 2019. One (1) unit that was supposed to be served in FY2019 had title issues that were unresolved, and the home became vacant. It was in such disrepair, the County condemned it and demolished it. Seven (7) SR units were proposed in this project, but only five (5) total SR units will be served in this CDRC. One (1) unit signed a declination statement and one (1) unit had unresolved title issues.

2017

Seven units are schedules and have been approved. Three units have been inspected and bids have been solicited.

2019

The occupant of one unit had Alzheimer's and ultimately had to be moved to assisted living. All other occupants vacated the premises as well. After sitting vacant for a year the owner/sparkplug requested we just demolish the home. The owner/sparkplug never could get the title cleared, nor did she have the money to pay the delinquent taxes. The home was ultimately condemned and demolished. The property is now up for tax sale. The owner of the second unit got back together with his ex-girlfriend and they decided to renovate the house themselves. Owner ultimately moved away and the house is now vacant.

Annual Report 7/1/2019 to 6/30/2020: To combat the cancellation of several in person classes during the Summer 2020 semester due to COVID 19, MECC obtained DHCD approval to add an additional online class to the project's curricula. Thus, MECC was able to offer two online courses in spite of drastic class restructuring during the pandemic. Through press releases and four separate social media advertising campaigns in April and May 2020 MECC was able enroll a surge of students (22 LMI, 29 overall) for the Summer 2020 semester and meet the project's overall LMI beneficiary target. A total of eight UAS based class sections were taught during the reporting period, and these classes covered topics including FAA regulations, surveying, operation, assembly, and using specialized software to process images captured by UAS devices. During the reporting period, three beneficiaries attained the FAA Small Pilot License.

Annual Report 7/1/2020 to 6/30/2021: This project was designed to provide training in small, unmanned aircraft systems and sensor equipment to establish a drone-ready workforce by training 30 students, 51% of whom were to be LMI, in drone innovation courses. The project resulted in a total of 75 students participating in training during the project. Of the 75 students, 38 met LMI criteria. As of the first quarter of 2021, 41 of the 75 students were employed within the Commonwealth of Virginia.

2020	

Annual Report 7/1/2019 to 6/30/2020: Construction is complete on the commercial kitchen (Millstone Kitchen), the brewpub (Moonbollow Brewery), and the restaurant. Millstone Kitchen opened in the summer of 2019 and hosted the "From Scratch" food-based business competition from January through March. Moonbollow Brewery opened in January 2020 and was able to stay open during COVID through a combination of curbside pickup and outdoor patio seating. Construction was completed on the restaurant shortly before business shutdowns occurred in response to COVID-19 and therefore a restaurant is still being identified.

Annual 7/1/2020 to 6/30/2021: The Old Prices Park Revitalization project finished construction on its third and final space - a Mexican restaurant in the Spring of 2021. The restaurateurs then spent several months furnishing the space, hiring staff, and coordinating with the Health Department. The restaurant was not yet open as of June 30 (but has since opened on 8/23).

---

2017	DECY narrative: Construction work began in February 2018 on the former Pines Fork Cafeteria/auditorium and kindergarten space. As of June 30 demolition was being completed. The site plan had been approved by Montgomery County and one subcontractor was on site to perform some excavation work in anticipation of structural and exterior modifications to the building. Construction will be complete in late 2018.
2018	DECY: Construction is complete on the shared use commercial kitchen and the brewpub. The kitchen (Milestone Kitchen) hired a part-time kitchen manager in January and entered into a contract with its first anchor tenant in Jun. The brewpub is expected to open in early fall. Construction will begin on the final commercial space in late August and will be complete by mid-2020.
2016	OTIS activity included the renovation of 4,290 of the former kindergarten space, and 3,850 of the former cafeteria/gymnasium space at the former Pines Fork Elementary School.

Annual Report 7/1/2019 to 6/30/2020: The project was in the design phase during this reporting period, with designs under review by property owners for 4 buildings (unit 7 facades), prior to submission to DHR for review under the terms of a Programmatic Agreement. To date, owners of 118 MacArthur Lane, 100 Monroe Street, 112-114 Monroe Street, and 212 Main Street are likely to participate, though no contracts have been finalized. Designs are complete for 116 and 118 Monroe Street as well to address lighting issues. If all of these owners receive assistance, they represent 4 existing businesses and 3 vacant storefronts. Town staff continue outreach to other prospective participants in the project area.

2019

Annual report 7/1/2020 to 6/30/2021: The facade design package was complete in November 2020 and the original invitation to bid was released in December. Unfortunately no bids were received and the facade package is currently being rebid in the upcoming reporting period. Nearly a half-dozen contractors participated in the August pre-bid meeting and the project management team is hopeful about the possibility of multiple bids.

Annual Report 7/1/2019 to 6/30/2020: This report indicates information regarding the current 12 VIDA savers enrolled for homeownership (12 savers/3 married couples/9 households). During this annual reporting period 1 VIDA saver has purchased a home using their VIDA funds as a down payment and graduated the VIDA Program. There are 2 VIDA savers currently getting ready to close on their home purchase in September 2020 but that statistic is not represented in this report (exceeds the reporting period). The remaining 11 VIDA savers enrolled for homeownership are all saving money for the home purchasing process, meeting financial literacy training requirements, working on credit repair, and will purchase a home by June 1, 2021.

Annual report 7/1/2020 to 6/30/2021: During this reporting period 11 savers were enrolled in the VIDA Program for homeownership and 3 VIDA savers purchased a home (11 savers/2 married couples accounted for 3 households/5 nonmarried individuals accounted for 5 households/8 total households) (4 savers in total throughout the entire program purchased a home using VIDA so far). Last reporting period we had 12 savers enrolled for homeownership (1 graduated leaving 11 for this reporting period) however due to the economic impact of COVID 19, and the current real estate market, several savers dropped out of the program, switched over to business ownership, or switched over to the Statewide VIDA Program for homeownership (2 savers went over to Statewide to give them more time since this grant ends this year and these 2 savers are extremely close to being able to purchase their first home). Final results for this reporting period include 3 savers successfully graduated and purchased their first home, 11 savers all successfully completed financial literacy training and housing counseling, 4 savers switched to business ownership, 2 savers dropped out of the program, and 2 savers rolled into the Statewide VIDA Program for homeownership leaving 4 open slots (the 4 open slots were filled with new applicants for business ownership but this report reflects the 11 original savers that were enrolled for homeownership).

Annual Report 7/1/2019 to 6/30/2020: This report indicates information regarding the current 25 VIDA savers enrolled for business that are working to create or retain 25 jobs (25 jobs but the total number of businesses created or retained is 21 as there are 8 savers that are 4 married couples that are enrolled and working to achieve assets together for 4 businesses rather than 8 separate businesses; 17 VIDA savers are independently creating or retaining businesses/jobs through the VIDA Program) (25 VIDA savers/21 households). There are 7 VIDA savers, out of the 25 enrolled for business, that have spent their VIDA funds and have graduated from the program during this annual reporting period. The remaining 18 VIDA savers enrolled for business will graduate the VIDA Program by June 1, 2021.

7/1/2020 to 6/30/2021 Annual Report: At the beginning of this reporting period there were 16 VIDA savers enrolled for business and set to graduate the VIDA Program by June 1, 2021. However due to the economic impact of COVID-19, this grant was extended by DHCD until December 31, 2021, several homebuyers switched over to business ownership, 4 new applicants came into the program to fill open slots from those that had to withdraw, and we had 15 VIDA savers graduate during this reporting period (25 total have graduated so far during this program for business ownership). We have 11 VIDA savers still enrolled in the program for business ownership with the goal to have all 11 graduate by the end of December 2021. This report describes the 15 savers that graduated during this reporting period plus the 11 savers that are still enrolled (26 VIDA savers/20 households) (side note: 5 of these 11 just recently graduated and so there are actually only 6 savers remaining in the program).

Annual Report 7/1/2019 to 6/30/2020: During this reporting period, the Town used grant funds to reimburse the owner of two buildings in the project area for costs related to facade improvements (3 facades) undertaken as part of a larger redevelopment project, which converted two vacant, blighted buildings into 4 upper-story apartment units and 2 commercial storefronts (one hosts a new 'virtual reality' entertainment business). Additionally, the Town was finalizing negotiations with a contractor and building owners to complete facade repairs for an additional five buildings (3 owners), which will repair/remove blight from an additional 8 facades. As of the end of the reporting period, designs were under development for facade repairs on an additional 3 buildings, and an additional 2 building owners have reached out to participate.

Annual Report 7/1/2019 to 6/30/2020: During this reporting period, the Town selected a contractor to complete the project's public space and street improvement activities, and construction work began in early 2020. The construction contract includes several elements: a 3,000 sq ft pocket park on Main Street, with pavings, plantings, furnishings and electrical bollards on the site of a demolished building; alleyway pavement repairs and planting of screening bushes along Peak Creek walkway/creek wall (approx. 400 ft - this was a volunteer project); and installation of poles and string lighting in two alleyways adjacent to the creek walk (140 ft. each). Construction was underway on all elements by the end of the reporting period, with final completion awaiting delivery of furnishings and metal gateway from suppliers.

Annual Report 7/1/2020 to 6/30/2021: August 20, 2020, the Town of Pilaski Architectural Review Board met to review requests for façade enhancements at 10, 14, and 31 West Main Street. All three façade requests were approved; after adequate discussion and clarification was provided. Bid package prepared for 14, 28, 37, and 59-61 West Main. Façade improvements were complete at four (4) buildings, including: 57, 69, 76, and 84 West Main. The façade improvements significantly helped the exteriors of 67 and 69; however, significant investment on the interior space is still needed. 76 West lost its original tenant during the pandemic; however, a new business is now in that space. 84 West is in great shape on both the interior and exterior; both the Town and property owner are actively showing the space and hoping to attract a new tenant soon.

Annual Report 7/1/2019 to 6/30/2020: Staff successfully coordinated 19 property owners to participate in the fa'ā'āsade improvement program. Although no fa'ā'āsade improvements have been completed, we anticipate to solicit bidding from contractors in Winter of 2020, the commencement of construction will be dependent on COVID-19 restrictions and staying compliant within these regulations. Staff collaborated with property owners to supply a 1:1 match totaling \$148,300. The town appointed fa'ā'āsade Advisory Board approved the budget for each property owner and the architect (Hill Studio) was able to finalize their fa'ā'āsade improvement designs. Staff is currently working with property owners to agree with the fa'ā'āsade designs provided by Hill Studio and will move forward with submitting these designs to the Virginia Department of Historic Resources for review.

2020	

Annual Report 7/1/2019 to 6/30/2020: Construction is complete on the commercial kitchen (Millstone Kitchen), the brewpub (Moonbollow Brewery), and the restaurant. Millstone Kitchen opened in the summer of 2019 and hosted the "From Scratch" food-based business competition from January through March. Moonbollow Brewery opened in January 2020 and was able to stay open during COVID through a combination of curbside pickup and outdoor patio seating. Construction was completed on the restaurant shortly before business shutdowns occurred in response to COVID-19 and therefore a restaurant is still being identified.

Annual 7/1/2020 to 6/30/2021: The Old Prices Park Revitalization project finished construction on its third and final space - a Mexican restaurant in the Spring of 2021. The restaurateurs then spent several months furnishing the space, hiring staff, and coordinating with the Health Department. The restaurant was not yet open as of June 30 (but has since opened on 8/23).

---

2017	DECY narrative: Construction work began in February 2018 on the former Pines Fork Cafeteria/auditorium and kindergarten space. As of June 30 demolition was being completed. The site plan had been approved by Montgomery County and one subcontractor was on site to perform some excavation work in anticipation of structural and exterior modifications to the building. Construction will be complete in late 2018.
2018	DECY: Construction is complete on the shared use commercial kitchen and the brewpub. The kitchen (Milestone Kitchen) hired a part-time kitchen manager in January and entered into a contract with its first anchor tenant in Jun. The brewpub is expected to open in early fall. Construction will begin on the final commercial space in late August and will be complete by mid-2020.
2016	OTIS activity included the renovation of 4,290 of the former kindergarten space, and 3,850 of the former cafeteria/gymnasium space at the former Pines Fork Elementary School.

Annual Report 7/1/2019 to 6/30/2020: This report indicates information regarding the current 12 VIDA savers enrolled for homeownership (12 savers/3 married couples/9 households). During this annual reporting period 1 VIDA saver has purchased a home using their VIDA funds as a down payment and graduated the VIDA Program. There are 2 VIDA savers currently getting ready to close on their home purchase in September 2020 but that statistic is not represented in this report (exceeds the reporting period). The remaining 11 VIDA savers enrolled for homeownership are all saving money for the home purchasing process, meeting financial literacy training requirements, working on credit repair, and will purchase a home by June 1, 2021.

Annual report 7/1/2020 to 6/30/2021: During this reporting period 11 savers were enrolled in the VIDA Program for homeownership and 3 VIDA savers purchased a home (11 savers/2 married couples accounted for 3 households/5 nonmarried individuals accounted for 5 households/8 total households) (4 savers in total throughout the entire program purchased a home using VIDA so far). Last reporting period we had 12 savers enrolled for homeownership (1 graduated leaving 11 for this reporting period) however due to the economic impact of COVID 19, and the current real estate market, several savers dropped out of the program, switched over to business ownership, or switched over to the Statewide VIDA Program for homeownership (2 savers went over to Statewide to give them more time since this grant ends this year and these 2 savers are extremely close to being able to purchase their first home). Final results for this reporting period include 3 savers successfully graduated and purchased their first home, 11 savers all successfully completed financial literacy training and housing counseling, 4 savers switched to business ownership, 2 savers dropped out of the program, and 2 savers rolled into the Statewide VIDA Program for homeownership leaving 4 open slots (the 4 open slots were filled with new applicants for business ownership but this report reflects the 11 original savers that were enrolled for homeownership).

Annual Report 7/1/2019 to 6/30/2020: This report indicates information regarding the current 25 VIDA savers enrolled for business that are working to create or retain 25 jobs (25 jobs but the total number of businesses created or retained is 21 as there are 8 savers that are 4 married couples that are enrolled and working to achieve assets together for 4 businesses rather than 8 separate businesses; 17 VIDA savers are independently creating or retaining businesses/jobs through the VIDA Program) (25 VIDA savers/21 households). There are 7 VIDA savers, out of the 25 enrolled for business, that have spent their VIDA funds and have graduated from the program during this annual reporting period. The remaining 18 VIDA savers enrolled for business will graduate the VIDA Program by June 1, 2021.

7/1/2020 to 6/30/2021 Annual Report: At the beginning of this reporting period there were 16 VIDA savers enrolled for business and set to graduate the VIDA Program by June 1, 2021. However due to the economic impact of COVID-19, this grant was extended by DHCD until December 31, 2021, several homebuyers switched over to business ownership, 4 new applicants came into the program to fill open slots from those that had to withdraw, and we had 15 VIDA savers graduate during this reporting period (25 total have graduated so far during this program for business ownership). We have 11 VIDA savers still enrolled in the program for business ownership with the goal to have all 11 graduate by the end of December 2021. This report describes the 15 savers that graduated during this reporting period plus the 11 savers that are still enrolled (26 VIDA savers/20 households) (side note: 5 of these 11 just recently graduated and so there are actually only 6 savers remaining in the program).

Annual Report 7/1/2019 to 6/30/2020: Staff successfully coordinated 19 property owners to participate in the faÁÁade improvement program. Although no faÁÁade improvements have been completed, we anticipate to solicit bidding from contractors in Winter of 2020, the commencement of construction will be dependent on COVID-19 restrictions and staying compliant within these regulations. Staff collaborated with property owners to supply a 1:1 match totaling \$148,300. The town appointed faÁÁade Advisory Board approved the budget for each property owner and the architect (Hill Studio) was able to finalize their faÁÁade improvement designs. Staff is currently working with property owners to agree with the faÁÁade designs provided by Hill Studio and will move forward with submitting these designs to the Virginia Department of Historic Resources for review.

DEDY2019: One (1) unit was served this fiscal year, and it was considered substantially complete as of July 31, 2019. The contractor will complete punch list items in August 2019. Two (2) units were proposed for this project, but one (1) unit submitted a declination statement; therefore, this project will only serve the one (1) owner-occupied unit noted above.

2017

10/30/19 Declination statement signed by one owner who did repairs to his house prior to grant award. Two applications have been received, one unit backed out and made renovations themselves no longer seeking assistance. The second applicant is working on going under contract.

2018 DECY2019: no investor owned units were served FY19. Five (5) investor owned units were proposed for this project. One (1) unit served in FY2018. The landlord/tenants for the remaining units failed to submit applications to proceed and their lack of response was ultimately determined to be a declaration of assistance.

2019 Four (4) tenants would not complete their housing applications (all four units were owned by the same landlord). Landlord was unwilling to assist with collecting necessary paperwork. Landlord also went back & forth about participation. A final deadline was given along with a declaration statement. No response was received by the landlord.

2017 None of five properties have sent necessary information, the other four are awaiting tenant response.

2018

OEY2019: Two (2) units were substantially reconstructed this year, one of which was still under construction as of July 31, 2019. Unit will be completed by August 2019. One (1) unit that was supposed to be served in FY2019 had title issues that were unresolved, and the home became vacant. It was in such disrepair, the County condemned it and demolished it. Seven (7) SR units were proposed in this project, but only five (5) total SR units will be served in this CDRC. One (1) unit signed a declination statement and one (1) unit had unresolved title issues.

2017

Seven units are schedules and have been approved. Three units have been inspected and bids have been solicited.

2019

The occupant of one unit had Alzheimer's and ultimately had to be moved to assisted living. All other occupants vacated the premises as well. After sitting vacant for a year the owner/sparkplug requested we just demolish the home. The owner/sparkplug never could get the title cleared, nor did she have the money to pay the delinquent taxes. The home was ultimately condemned and demolished. The property is now up for tax sale. The owner of the second unit got back together with his ex-girlfriend and they decided to renovate the house themselves. Owner ultimately moved away and the house is now vacant.

Annual Report 7/1/2019 to 6/30/2020: To combat the cancellation of several in person classes during the Summer 2020 semester due to COVID 19, MECC obtained DHCD approval to add an additional online class to the project's curricula. Thus, MECC was able to offer two online courses in spite of drastic class restructuring during the pandemic. Through press releases and four separate social media advertising campaigns in April and May 2020 MECC was able enroll a surge of students (22 LMI, 29 overall) for the Summer 2020 semester and meet the project's overall LMI beneficiary target. A total of eight UAS based class sections were taught during the reporting period, and these classes covered topics including FAA regulations, surveying, operation, assembly, and using specialized software to process images captured by UAS devices. During the reporting period, three beneficiaries attained the FAA Small Pilot License.

Annual Report 7/1/2020 to 6/30/2021: This project was designed to provide training in small, unmanned aircraft systems and sensor equipment to establish a drone-ready workforce by training 30 students, 51% of whom were to be LMI, in drone innovation courses. The project resulted in a total of 75 students participating in training during the project. Of the 75 students, 38 met LMI criteria. As of the first quarter of 2021, 41 of the 75 students were employed within the Commonwealth of Virginia.

Year	# Benefiting
2020	

Annual Report 7/1/2019 to 6/30/2020: Construction is complete on the commercial kitchen (Millstone Kitchen), the brewpub (Moonbollow Brewery), and the restaurant. Millstone Kitchen opened in the summer of 2019 and hosted the "From Scratch" food-based business competition from January through March. Moonbollow Brewery opened in January 2020 and was able to stay open during COVID through a combination of curbside pickup and outdoor patio seating. Construction was completed on the restaurant shortly before business shutdowns occurred in response to COVID-19 and therefore a restaurant is still being identified.

Annual 7/1/2020 to 6/30/2021: The Old Prices Park Revitalization project finished construction on its third and final space - a Mexican restaurant in the Spring of 2021. The restaurateurs then spent several months furnishing the space, hiring staff, and coordinating with the Health Department. The restaurant was not yet open as of June 30 (but has since opened on 8/23).

---

2017	DECY narrative: Construction work began in February 2018 on the former Pines Fork Cafeteria/auditorium and kindergarten space. As of June 30 demolition was being completed. The site plan had been approved by Montgomery County and one subcontractor was on site to perform some excavation work in anticipation of structural and exterior modifications to the building. Construction will be complete in late 2018.
2018	DECY: Construction is complete on the shared use commercial kitchen and the brewpub. The kitchen (Milestone Kitchen) hired a part-time kitchen manager in January and entered into a contract with its first anchor tenant in Jun. The brewpub is expected to open in early fall. Construction will begin on the final commercial space in late August and will be complete by mid-2020.
2016	OTIS activity included the renovation of 4,290 of the former kindergarten space, and 3,850 of the former cafeteria/gymnasium space at the former Pines Fork Elementary School.

2020

Annual Report 7/1/2019 to 6/30/2020: The project was in the design phase during this reporting period, with designs under review by property owners for 4 buildings (unit 7 facades), prior to submission to DHR for review under the terms of a Programmatic Agreement. To date, owners of 118 MacArthur Lane, 100 Monroe Street, 112-114 Monroe Street, and 212 Main Street are likely to participate, though no contracts have been finalized. Designs are complete for 116 and 118 Monroe Street as well to address lighting issues. If all of these owners receive assistance, they represent 4 existing businesses and 3 vacant storefronts. Town staff continue outreach to other prospective participants in the project area.

2019

Annual report 7/1/2020 to 6/30/2021: The facade design package was complete in November 2020 and the original invitation to bid was released in December. Unfortunately no bids were received and the facade package is currently being rebid in the upcoming reporting period. Nearly a half-dozen contractors participated in the August pre-bid meeting and the project management team is hopeful about the possibility of multiple bids.

Annual Report 7/1/2019 to 6/30/2020: This report indicates information regarding the current 25 VIDA savers enrolled for business that are working to create or retain 25 jobs (25 jobs but the total number of businesses created or retained is 21 as there are 8 savers that are 4 married couples that are enrolled and working to achieve assets together for 4 businesses rather than 8 separate businesses; 17 VIDA savers are independently creating or retaining businesses/jobs through the VIDA Program) (25 VIDA savers/21 households). There are 7 VIDA savers, out of the 25 enrolled for business, that have spent their VIDA funds and have graduated from the program during this annual reporting period. The remaining 18 VIDA savers enrolled for business will graduate the VIDA Program by June 1, 2021.

7/1/2020 to 6/30/2021 Annual Report: At the beginning of this reporting period there were 16 VIDA savers enrolled for business and set to graduate the VIDA Program by June 1, 2021. However due to the economic impact of COVID-19, this grant was extended by DHCD until December 31, 2021, several homebuyers switched over to business ownership, 4 new applicants came into the program to fill open slots from those that had to withdraw, and we had 15 VIDA savers graduate during this reporting period (25 total have graduated so far during this program for business ownership). We have 11 VIDA savers still enrolled in the program for business ownership with the goal to have all 11 graduate by the end of December 2021. This report describes the 15 savers that graduated during this reporting period plus the 11 savers that are still enrolled (26 VIDA savers/20 households) (side note: 5 of these 11 just recently graduated and so there are actually only 6 savers remaining in the program).

Annual Report 7/1/2019 to 6/30/2020: During this reporting period, the Town used grant funds to reimburse the owner of two buildings in the project area for costs related to facade improvements (3 facades) undertaken as part of a larger redevelopment project, which converted two vacant, blighted buildings into 4 upper-story apartment units and 2 commercial storefronts (one hosts a new 'virtual reality' entertainment business). Additionally, the Town was finalizing negotiations with a contractor and building owners to complete facade repairs for an additional five buildings (3 owners), which will repair/remove blight from an additional 8 facades. As of the end of the reporting period, designs were under development for facade repairs on an additional 3 buildings, and an additional 2 building owners have reached out to participate.

Annual Report 7/1/2019 to 6/30/2020: During this reporting period, the Town selected a contractor to complete the project's public space and street improvement activities, and construction work began in early 2020. The construction contract includes several elements: a 3,000 sq ft pocket park on Main Street, with pavings, plantings, furnishings and electrical bollards on the site of a demolished building; alleyway pavement repairs and planting of screening bushes along Peak Creek walkway/creek wall (approx. 400 ft - this was a volunteer project); and installation of poles and string lighting in two alleyways adjacent to the creek walk (140 ft. each). Construction was underway on all elements by the end of the reporting period, with final completion awaiting delivery of furnishings and metal gateway from suppliers.

Annual Report 7/1/2020 to 6/30/2021: August 20, 2020, the Town of Pilaski Architectural Review Board met to review requests for façade enhancements at 10, 14, and 31 West Main Street. All three façade requests were approved; after adequate discussion and clarification was provided. Bid package prepared for 14, 28, 37, and 59-61 West Main. Façade improvements were complete at four (4) buildings, including: 67, 69, 76, and 84 West Main. The façade improvements significantly helped the exteriors of 67 and 69; however, significant investment on the interior space is still needed. 76 West lost its original tenant during the pandemic; however, a new business is now in that space. 84 West is in great shape on both the interior and exterior; both the Town and property owner are actively showing the space and hoping to attract a new tenant soon.

Annual Report 7/1/2019 to 6/30/2020: Staff successfully coordinated 19 property owners to participate in the faÁÁade improvement program. Although no faÁÁade improvements have been completed, we anticipate to solicit bidding from contractors in Winter of 2020, the commencement of construction will be dependent on COVID-19 restrictions and staying compliant within these regulations. Staff collaborated with property owners to supply a 1:1 match totaling \$148,300. The town appointed faÁÁade Advisory Board approved the budget for each property owner and the architect (Hill Studio) was able to finalize their faÁÁade improvement designs. Staff is currently working with property owners to agree with the faÁÁade designs provided by Hill Studio and will move forward with submitting these designs to the Virginia Department of Historic Resources for review.

2020 Annual report 7/1/2019 to 6/30/2020: Second bid opening was 6/30/20 with the lowest bid exceeding engineers estimate by 95%, making the second time the project has gone out for bidding with no success. The project still needs to be done but the county requires time to seek other funding for construction. The County will be requesting the DHCD funds be unallocated for this project until further notice.

2019 Still in the process of getting contractors to handle the job.

2020

Annual Report 7/1/2019 to 6/30/2020: The project was in the design phase during this reporting period, with designs under review by property owners for 4 buildings (on 6-7 facades), prior to submission to DHR for review under the terms of a Programmatic Agreement. To date, owners of 118 MacArthur Lane, 100 Monroe Street, 112-114 Monroe Street, and 212 Main Street are likely to participate, though no contracts have been finalized. Designs are complete for 116 and 118 Monroe Street as well to address lighting issues. If all of these owners receive assistance, they represent 4 existing businesses and 3 vacant storefronts. Town staff continue outreach to other prospective participants in the project area.

Annual report 7/1/2020 to 6/30/2021: The facade design package was complete in November 2020 and the original invitation to bid was released in December. Unfortunately no bids were received and the facade package is currently being rebid in the upcoming reporting period. Nearly a half-dozen contractors participated in the August pre-bid meeting and the project management team is hopeful about the possibility of multiple bids.

Annual Report 7/1/2019 to 6/30/2020: This report indicates information regarding the current 25 VIDA savers enrolled for business that are working to create or retain 25 jobs (25 jobs but the total number of businesses created or retained is 21 as there are 8 savers that are 4 married couples that are enrolled and working to achieve assets together for 4 businesses rather than 8 separate businesses; 17 VIDA savers are independently creating or retaining businesses/jobs through the VIDA Program) (25 VIDA savers/21 households). There are 7 VIDA savers, out of the 25 enrolled for business, that have spent their VIDA funds and have graduated from the program during this annual reporting period. The remaining 18 VIDA savers enrolled for business will graduate the VIDA Program by June 1, 2021.

7/1/2020 to 6/30/2021 Annual Report: At the beginning of this reporting period there were 16 VIDA savers enrolled for business and set to graduate the VIDA Program by June 1, 2021. However due to the economic impact of COVID-19, this grant was extended by DHCD until December 31, 2021, several homebuyers switched over to business ownership, 4 new applicants came into the program to fill open slots from those that had to withdraw, and we had 15 VIDA savers graduate during this reporting period (25 total have graduated so far during this program for business ownership). We have 11 VIDA savers still enrolled in the program for business ownership with the goal to have all 11 graduate by the end of December 2021. This report describes the 15 savers that graduated during this reporting period plus the 11 savers that are still enrolled (26 VIDA savers/20 households) (side note: 5 of these 11 just recently graduated and so there are actually only 6 savers remaining in the program).

Annual Report 7/1/2019 to 6/30/2020: During this reporting period, the Town used grant funds to reimburse the owner of two buildings in the project area for costs related to facade improvements (3 facades) undertaken as part of a larger redevelopment project, which converted two vacant, blighted buildings into 4 upper-story apartment units and 2 commercial storefronts (one hosts a new 'virtual reality' entertainment business). Additionally, the Town was finalizing negotiations with a contractor and building owners to complete facade repairs for an additional five buildings (3 owners), which will repair/remove blight from an additional 8 facades. As of the end of the reporting period, designs were under development for facade repairs on an additional 3 buildings, and an additional 2 building owners have reached out to participate.

Annual Report 7/1/2019 to 6/30/2020: During this reporting period, the Town selected a contractor to complete the project's public space and street improvement activities, and construction work began in early 2020. The construction contract includes several elements: a 3,000 sq ft pocket park on Main Street, with pavings, plantings, furnishings and electrical bollards on the site of a demolished building; alleyway pavement repairs and planting of screening bushes along Peak Creek walkway/creek wall (approx. 400 ft - this was a volunteer project); and installation of poles and string lighting in two alleyways adjacent to the creek walk (140 ft. each). Construction was underway on all elements by the end of the reporting period, with final completion awaiting delivery of furnishings and metal gateway from suppliers.

Annual Report 7/1/2020 to 6/30/2021: August 20, 2020, the Town of Pileaski Architectural Review Board met to review requests for façade enhancements at 10, 14, and 31 West Main Street. All three façade requests were approved; after adequate discussion and clarification was provided. Bid package prepared for 14, 28, 37, and 59-61 West Main. Façade improvements were complete at four (4) buildings, including: 57, 69, 76, and 84 West Main. The façade improvements significantly helped the exteriors of 57 and 69; however, significant investment on the interior space is still needed. 76 West lost its original tenant during the pandemic; however, a new business is now in that space. 84 West is in great shape on both the interior and exterior; both the Town and property owner are actively showing the space and hoping to attract a new tenant soon.

Annual Report 7/1/2019 to 6/30/2020: Staff successfully coordinated 19 property owners to participate in the fa'ā'āsade improvement program. Although no fa'ā'āsade improvements have been completed, we anticipate to solicit bidding from contractors in Winter of 2020, the commencement of construction will be dependent on COVID-19 restrictions and staying compliant within these regulations. Staff collaborated with property owners to supply a 1:1 match totaling \$148,300. The town appointed fa'ā'āsade Advisory Board approved the budget for each property owner and the architect (Hill Studio) was able to finalize their fa'ā'āsade improvement designs. Staff is currently working with property owners to agree with the fa'ā'āsade designs provided by Hill Studio and will move forward with submitting these designs to the Virginia Department of Historic Resources for review.

0Demo proposed on dilapidated remains of a structure estimated 10k in budget.  
 -Inspection is conducted by consultant (\$500) to assess among other things asbestos remediation.  
 Demo activity has been rescheduled at the request of the sub-grantee. DHCD staff visually confirmed that vegetation had effectively screened the remains of a structure within the reviewed of the project area, and funds were subsequently applied to leverage existing facade improvements and remediation of blight along Main Street. \$500 of the proposed \$10,000 was deducted from an initial consultant inspection on the structure, the remaining \$9500 was transferred to facade improvements.

Annual Report 7/1/2019 to 6/30/2020: This report indicates information regarding the current 12 VIDA savers enrolled for homeownership (12 savers/3 married couples/9 households). During this annual reporting period 1 VIDA saver has purchased a home using their VIDA funds as a down payment and graduated the VIDA Program. There are 2 VIDA savers currently getting ready to close on their home purchase in September 2020 but that statistic is not represented in this report (exceeds the reporting period). The remaining 11 VIDA savers enrolled for homeownership are all saving money for the home purchasing process, meeting financial literacy training requirements, working on credit repair, and will purchase a home by June 1, 2021.

Annual report 7/1/2020 to 6/30/2021: During this reporting period 11 savers were enrolled in the VIDA Program for homeownership and 3 VIDA savers purchased a home (11 savers/2 married couples accounted for 3 households/5 nonmarried individuals accounted for 5 households/8 total households) (4 savers in total throughout the entire program purchased a home using VIDA so far). Last reporting period we had 12 savers enrolled for homeownership (1 graduated leaving 11 for this reporting period) however due to the economic impact of COVID 19, and the current real estate market, several savers dropped out of the program, switched over to business ownership, or switched over to the Statewide VIDA Program for homeownership (2 savers went over to Statewide to give them more time since this grant ends this year and these 2 savers are extremely close to being able to purchase their first home). Final results for this reporting period include 3 savers successfully graduated and purchased their first home, 11 savers all successfully completed financial literacy training and housing counseling, 4 savers switched to business ownership, 2 savers dropped out of the program, and 2 savers rolled into the Statewide VIDA Program for homeownership leaving 4 open slots (the 4 open slots were filled with new applicants for business ownership but this report reflects the 11 original savers that were enrolled for homeownership).

Annual Report 7/1/2019 to 6/30/2020: This report indicates information regarding the current 25 VIDA savers enrolled for business that are working to create or retain 25 jobs (25 jobs but the total number of businesses created or retained is 21 as there are 8 savers that are 4 married couples that are enrolled and working to achieve assets together for 4 businesses rather than 8 separate businesses; 17 VIDA savers are independently creating or retaining businesses/jobs through the VIDA Program) (25 VIDA savers/21 households). There are 7 VIDA savers, out of the 25 enrolled for business, that have spent their VIDA funds and have graduated from the program during this annual reporting period. The remaining 18 VIDA savers enrolled for business will graduate the VIDA Program by June 1, 2021.

7/1/2020 to 6/30/2021 Annual Report: At the beginning of this reporting period there were 16 VIDA savers enrolled for business and set to graduate the VIDA Program by June 1, 2021. However due to the economic impact of COVID-19, this grant was extended by DHCD until December 31, 2021, several homebuyers switched over to business ownership, 4 new applicants came into the program to fill open slots from those that had to withdraw, and we had 15 VIDA savers graduate during this reporting period (25 total have graduated so far during this program for business ownership). We have 11 VIDA savers still enrolled in the program for business ownership with the goal to have all 11 graduate by the end of December 2021. This report describes the 15 savers that graduated during this reporting period plus the 11 savers that are still enrolled (26 VIDA savers/20 households) (side note: 5 of these 11 just recently graduated and so there are actually only 6 savers remaining in the program).

Annual Report 7/1/2019 to 6/30/2020: Staff successfully coordinated 19 property owners to participate in the faÁade improvement program. Although no faÁade improvements have been completed, we anticipate to solicit bidding from contractors in Winter of 2020, the commencement of construction will be dependent on COVID-19 restrictions and staying compliant within these regulations. Staff collaborated with property owners to supply a 1:1 match totaling \$148,300. The town appointed faÁade Advisory Board approved the budget for each property owner and the architect (Hill Studio) was able to finalize their faÁade improvement designs. Staff is currently working with property owners to agree with the faÁade designs provided by Hill Studio and will move forward with submitting these designs to the Virginia Department of Historic Resources for review.

Annual Report 7/1/2020 to 6/30/2021: The Neighbors in Need program has been providing made from scratch meals (prepared by 2 fulltime kitchen users) to food insecure families since April of 2020. Between July 2020 and June 2021, 28,347 meals were delivered to over 900 individuals. Meals were delivered through partnerships between existing food security agencies within the region, all of which had struggled to meet demand for food to low and moderate income households affected by the pandemic.

2020	

(Annual Report 7/1/2020 to 6/30/2021): The VIDA Program in Floyd County officially kicked off at the end 2020. There are a 9 savers currently enrolled in the VIDA Program for business ownership with 2 savers that are getting ready to graduate. Floyd County has a great amount of locally owned businesses that are interested in enrolling into the VIDA Program to create additional streams of revenue for their businesses with the match funds. All participants will achieve their training requirements and graduate from the program by December 2022.
