**Consolidated Annual Performance Evaluation Report**  
**2020 – 2021**

**Program Year: July 1, 2020 – June 30, 2021**

## **CR-05 - Goals and Outcomes**

### **Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)**

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

This report is the third CAPER for the five-year 2018-2023 Consolidated Plan. The state has made significant progress toward establishing priorities specific to the development of affordable housing units that are accessible and targeted to special needs housing. These efforts have resulted in state housing policy development, coordinated efforts to provide community-based housing and services for individuals with intellectual/developmental disabilities, serious mental illness and dedicated state resources for affordable housing, permanent supportive housing, and rapid re-housing.

In addition, the state has worked to develop in coordination with Virginia Continuums of Care (CoCs) standard performance measures. On-going coordination and the restructuring of funding priorities have resulted in a significant reduction in homelessness in Virginia over the past 11 years.

Furthermore, Virginia has been acutely focused on addressing housing insecurity issues that have arisen during the COVID-19 pandemic.

### **Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)**

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

**Table 1 - Accomplishments – Program Year & Strategic Plan to Date**

**Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.**

The Virginia CDBG program makes funding available to local governments for planning and implementing community development projects in non-entitlement localities. Each project and activity utilizing CDBG funding must meet a national objective, which are: give maximum feasible priority to activities which will benefit low- and moderate-income families; aid in the prevention or elimination of slums and blight; and include activities which are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the community.

Localities submitting planning grants and competitive applications are expected to develop a methodology to prioritize the highest community development needs within the locality. CDBG competitive grant applications include activities that address the locality’s highest identified community development needs. Similarly, open submission projects are funded based on the locality’s ability to determine the community’s highest priority needs.

Virginia has been utilizing CDBG-CV resources towards addressing and responding to urgent needs related to the COVID-19 pandemic.

## CR-10 - Racial and Ethnic composition of families assisted

### Narrative

Please note, the ESG numbers shared reflect the racial demographics of persons (both adults and children) served. The following racial category were not included in the table: Multiple Races. The ESG program served 230 persons who identify as multi-racial and 9 persons were served with missing racial data. HOPWA data above includes only the individuals qualifying the household for assistance. There are an additional four individuals who identify as Black/White. Please see the HOPWA CAPER report for more details.

## Leveraging

**Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.**

Three primary housing initiatives continue to account for most of the leverage. Federal and state low-income housing tax credits stimulated private sector investment in affordable rental housing projects. The permanent financing (mortgage) that accompanies each affordable housing unit in the Homeownership Assistance Program accounts for a significant amount of leveraged private sector funding. Additionally, the availability of state, other federal and private sector funds to address various aspects of homelessness also accounts for a sizable amount of the funding leveraged by the CPD annual allocation.

ESG match requirements were met with state general fund resources for rapid re-housing, shelter operations, and homeless prevention. The HOME match was met with the Virginia Housing Trust Fund.

CDBG: CDBG does not have a defined match requirement. In the Competitive review process, leverage is calculated and ranked against other competitive projects. Leverage, local match, and funding commitments are evaluated and scored in the Costs and Commitments section of the scoring criteria (out of a total ranking of 1,000 points, this section carries a maximum score of 125 points). Regional projects that support economic development activities are required to meet a minimum 25% match from at least one of the applicant localities.

**Discuss the difference between goals and outcomes and problems encountered in meeting these goals.**

Virginia continues to face the impacts of the COVID pandemic. This has resulted in an increase in building material costs and delays related to social distancing requirements.

**Discuss how these outcomes will impact future annual action plans.**

DHCD anticipates a continued need to respond to the impacts of the COVID pandemic. This includes using resources to address the immediate COVID pandemic crisis. In addition, DHCD anticipates continued higher costs of materials, shortages of trade contractors and workers, and ongoing social distancing measures.

**Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.**

### **Narrative Information**

## **CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)**

**Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:**

### **Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

The state requires that all Virginia Continuums of Care (CoCs) and individual service providers utilize a coordinated assessment system. The coordinated assessment system must assure that all homeless persons are assessed by a common tool and receive appropriate services based on the standards of care. The coordinated assessment must assure access to services for individuals experiencing homelessness especially unsheltered persons through a "no wrong door" and "no side door" approach.

### **Addressing the emergency shelter and transitional housing needs of homeless persons**

The Commonwealth of Virginia leverages both state and federal resources to address the needs of individuals and families experiencing homelessness. These resources include those for prevention, rapid re-housing, and shelter operations. Notably, DHCD has also utilized ESG-CV and HOPWA-CV to respond to housing insecurity related to COVID-19. The state's goals are to reduce the number of individuals experiencing homelessness, to shorten the length of homelessness, and to reduce the numbers of people returning to homelessness.

The commonwealth uses a CoC-based application process for the allocation of both state and federal homeless assistance and prevention funding. CoC application reviews and funding levels are based, in part, on local alignment with these state goals. These measures have helped to reduce homelessness in Virginia.

### **Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs**

The Commonwealth of Virginia leverages state resources to divert low-income individuals and families from homelessness. The state's program requires that homeless prevention providers participate in coordinated assessment systems and that prevention resources are targeted to those seeking homeless assistance in order to better target those most likely to become homeless.

Virginia has also utilized available federal and state COVID-19 resources towards homelessness

prevention efforts and for noncongregate shelter.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

<p style="line-height: 1.38; margin-top: 12pt; margin-bottom: 12pt;" dir="ltr"><span style="color: #000000; font-family: Arial; font-size: 11pt; font-style: normal; font-variant: normal; font-weight: 400; text-decoration: none; vertical-align: baseline; white-space: pre-wrap; background-color: transparent;">Virginia's goals and transition to CoC-based funding have continued to better align state resources to focus on permanent housing solutions.</span></p>

**CR-30 - Public Housing 91.220(h); 91.320(j)**

**Actions taken to address the needs of public housing**

Not applicable.

**Actions taken to encourage public housing residents to become more involved in management and participate in homeownership**

While DHCD requires that CHDO projects involve tenants in management decisions, DHCD is not a state housing authority and does not have authority over any local housing authorities.

**Actions taken to provide assistance to troubled PHAs**

Not applicable.

## **CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)**

**Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)**

(DHCD works through public forums and the annual Governor’s Housing Conference (GHC) to address barriers to affordable housing. DHCD, along with other key partners, such as the Virginia Housing Alliance and Housing Opportunities Made Equal, work to help identify and encourage the removal of public policies that serve as a barrier to affordable housing. Due to the ongoing health threat of COVID-19, DHCD has and will continue to offer virtual means to participate in public forums and the GHC.

**Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)**

DHCD’s HOME-funded Affordable and Special Needs Housing program, a development financing program for affordable rental and homebuyer development, has been redesigned to better meet the needs of underserved populations. Beginning with the 2014 – 2015 program year all applications for funding must include a Site and Neighborhood Standard form and the review panel considers project location as an important part of the overall project selection criteria. Notably, DHCD provides scoring preferences to proposed projects that target households who are classified as chronically homeless, individuals with intellectual/developmental disabilities, and/or those with serious mental illnesses. The scoring preferences were instituted with the intention to incentivize the development of additional permanent supportive housing units for individuals in need.

**Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)**

DHCD considered proposed measures to address lead-based paint hazards in its selection process for the Affordable and Special Needs Housing (ASNH) program. Projects receiving ASNH investments are required to maintain the property to assure continued lead-based paint hazards compliance. DHCD conducts regular property standards inspections to monitor for compliance. In addition, sub-recipients are required to give notice, conduct visual inspections, and required mediations for all homeowner rehabilitation and direct homebuyer assistance programs.

In 2019, DHCD was awarded a grant from the HUD Office of Lead Hazard Control and Healthy Homes. The Lead Hazard Reduction program (LHR) funds lead-based paint remediation, administration, and capacity building activities across the Commonwealth. DHCD is partnering with local health departments, other state agencies (i.e., Department of Health, Department of Social Services), and our existing network of housing rehab providers to implement the program statewide. Children with elevated blood lead levels are the priority population for service under the LHR program.

### **Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)**

DHCD's goals, programs, and policies benefit families in Virginia by providing homeless assistance and prevention services that seek to either keep families in their homes or help them find permanent housing. These programs address barriers to housing and focus on leveraging mainstream resources whereby families may access resources reducing their level of poverty.

Housing development activities seek to provide affordable housing to moderate- to very low-income housing households. These activities also include homeownership assistance and Individuals Development Accounts (IDA) that help families build financial assets and improve their overall personal wealth, as well as a demonstration project to help move residents from areas of highly concentrated poverty to neighborhoods with lower poverty concentrations. Other programs managed through DHCD work to improve overall economic conditions. In these cases, DHCD provides assistance developing needed infrastructure and technical assistance that helps communities to be competitive and sustainable.

### **Actions taken to develop institutional structure. 91.220(k); 91.320(j)**

DHCD works with many different organizations, both public and private, to carry out the Consolidated Plan. The community economic development activities are carried out through contractual agreements with units of local government. Please note that while individual localities are not listed, a total of nearly 300 localities are considered a part of the institutional delivery system. The housing activities, both production and preservation activities, are accomplished through partnerships with units of local government, non-profits, housing developers, and specifically through partnerships with state-certified Community Housing Development Organizations (CHDOs). Homelessness, HIV/AIDS, and other special needs services result from DHCD's relationship with Continuums of Care and a network of non-profit service providers including shelters and units of local government across the Commonwealth of Virginia.

Appropriate service coverage and the logistics of getting the funding and activities to the areas of need within Virginia are on-going challenges. The solution in many cases is long-term and evolving. DHCD works with community-based organizations to develop local assets for meeting local needs. DHCD puts special emphasis on CHDO development and encourages partnerships and collaborations in the work that is done.

Public housing authorities (PHAs) are components in the statewide system for the delivery of affordable housing. Local housing authorities are established through the auspices of local government, subject to state enabling legislation. Neither the state nor DHCD specifically has direct oversight for local PHAs, however we may partner with these entities through a grantee or project sponsor relationship to complete local projects or activities.

Governor Northam has made housing a priority with a special emphasis on homelessness, disabilities, reduction in evictions and other special housing needs that recognize the linkages between housing

and economic development. During the COVID-19 pandemic, the state invested additional resources to the Virginia Housing Trust Fund, which was used as bridge funding for the Virginia Rent Relief Program.

**Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)**

**The state established a coordinated program between multiple state agencies to address transitioning developmental/intellectual disabled individuals from institutional settings to housing within communities. Lessons-learned from the program's initial implementation and expansion have assisted the state in developing overall statewide coordination between public and private housing and social service agencies. This effort was expanded to address housing needs of people with serious mental illness and the chronically homeless population.**

**Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)**

Applicants for the Affordable and Special Needs Housing (ASNH) program (which includes the HOME program that develops affordable rental units) must submit affirmative marketing plans. These plans are reviewed by DHCD staff at the time of application. Affirmative marketing plans are threshold requirements for ASNH funding. Any project selected through the application process must implement the approved affirmative marketing plan.

Onsite compliance reviews monitor for compliance with the affirmative marketing plan once the ASNH projects are complete and in operation. Due to the COVID-19 pandemic, as of March 2020, all onsite monitoring was postponed until further notice.

## **CR-40 - Monitoring 91.220 and 91.230**

**Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements**

## **Citizen Participation Plan 91.105(d); 91.115(d)**

**Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.**

For performance reports, notices are published in several newspapers across the commonwealth. All notices included the address, phone number, TDD and time for submitting comments. The draft CAPER information is published online and made available in hard copy as requested.

## **CR-45 - CDBG 91.520(c)**

**Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.**

Planning Grant Changes:

Pre-Project Planning Grants (Community Organizing & Community Needs/Economic Assessments) – combined into Planning Grant

Business District Revitalization: Increased from \$45,000 (2020) to \$50,000 (2021)

Housing: Increased from \$35,000 (2020) to \$50,000 (2021)

Comprehensive Community Development: Increased from \$50,000 (2020) to \$60,000 (2021)

Public Infrastructure: Added as a type of Planning Grant: \$50,000 available

The maximum grant funding caps were increased per funding activity based on feedback received during the 2021 CDBG public input process.

Community Improvement Grant Changes - Public Services was added to the annual CDBG Community Improvement Grant (CIG) Program. Public Services was seen as an additional means to respond directly to unique community needs. The grant funding cap for Public Services is \$250,000, or up to \$1,000,000 for regional projects.

Local Innovation Fund & Community Economic Development Fund combined into one program (Economic Development & Entrepreneurship Fund): The Community Facility program was renamed to Public Infrastructure to better align with federal reporting requirements and data tracking. Grantees of CDBG funds are eligible to receive additional funding to cover administrative costs. The increase in administrative funds was designed to support capacity building as well as the planning and administrative operations required to carry out DHCD grants.

Housing Rehabilitation - Due to feedback received from the public input process and the quality of housing rehabilitation application received in both rounds of the CDBG Competitive cycles, applicants seeking funding for targeted study area housing projects must provide evidence that all other housing needs have been met adjacent to the project area of clustered housing units. The primary purpose of creating a scattered-site housing activity was to increase the overall benefit of low- to moderate-income (LMI) individuals. However, due to the nature of these projects and the methodology used to determine the units for rehabilitation activities, it is difficult for scattered site projects to meet the minimum LMI benefit. Housing rehabilitation activities became administered as a forgivable loan due to the long-term contract period between DHCD and localities.

Urgent Need - The Urgent Need deadline application was extended through the end of the year in order to better align recovery funding with the hurricane season as well as to provide flexibility for localities to access Urgent Need funding as needed.

Economic Development & Entrepreneurship - The Local Innovation Fund & Community Economic Development Fund were combined into one program (Economic Development & Entrepreneurship Fund) and the grant cap increased to \$1,000,000. The new, expanded program combined the two original programs that were similar in scope and encompassed similar activities supporting economic development and entrepreneurship opportunities.

Community Service Facility - Available funding limits increased from \$800,000 (2020) to \$1,000,000 (2021). The Community Service Facility program was expanded to include multi-purpose community centers to coincide with the Governor's priority. Multi-purpose community centers primarily serving low- to moderate-income are allowed a maximum grant cap of \$1,500,000. Increasing the maximum grant award will encourage the submission of more high-quality projects as well as meet additional local community needs.

Business District Revitalization - Available funding limits increased from \$800,000 (2020) to \$1,000,000 (2021). Increasing the maximum grant award will encourage the submission of more high-quality projects and better meet local community needs.

**Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?**

No

**[BEDI grantees] Describe accomplishments and program outcomes during the last year.**

## **CR-50 - HOME 24 CFR 91.520(d)**

**Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations**

Please list those projects that should have been inspected on-site this program year based upon the schedule in 24 CFR §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

**As a result of COVID-19, all inspections for this program year were canceled. Tentative plans are being made to resume file inspections in October of 2021. We are exploring whether to resume file inspection virtually or in person. No definitive plan has been determined with regard to unit inspections.**

**Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 24 CFR 91.520(e) and 24 CFR 92.351(a)**

Applicants for the Affordable and Special Needs Housing (ASNH) program (which includes the HOME program that develops affordable rental units) must submit affirmative marketing plans. These plans are reviewed by DHCD staff at the time of application. Affirmative marketing plans are threshold requirements for ASNH funding. Any project selected through the application process must implement the approved affirmative marketing plan. Onsite compliance reviews monitor for compliance with the affirmative marketing plan. As permitted by a HUD-issued waiver, all onsite compliance reviews were postponed through September of 2021 to ensure the safety of staff and grantees during the COVID-19 pandemic. Barring an extension of the waivers, on-site physical inspections will resume in October 2021.

Please see the Fair Housing Activities attachment to this CAPER for more details.

**Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics**

HOME program income is used in Affordable and Special Needs HOME-funded projects. These are primarily affordable rental, but can also include homebuyer projects.

**Describe other actions taken to foster and maintain affordable housing. 24 CFR 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 24 CFR 91.320(j)**

**DHCD targets its HOME funds toward the development and preservation of affordable housing in the commonwealth. Approximately 75 percent of projects receiving HOME funds have LIHTC commitments. The LIHTCs are administered through a sister agency, Virginia Housing. DHCD and**

**Virginia Housing have mechanisms in place to share project information. Virginia Housing is the servicer of the ASNH loans on most projects funded through the ASNH program.**

## CR-55 - HOPWA 91.520(e)

### Identify the number of individuals assisted and the types of assistance provided

Table for report on the one-year goals for the number of households provided housing through the use of HOPWA activities for: short-term rent, mortgage, and utility assistance payments to prevent homelessness of the individual or family; tenant-based rental assistance; and units provided in housing facilities developed, leased, or operated with HOPWA funds.

Number of New Units - Conversion	0
Total Number of bed-nights available	0
Total Number of bed-nights provided	0
Capacity Utilization	0.00%

Table 24 – Shelter Capacity

### 11. Project Outcomes Data measured under the performance standards developed in consultation with the CoC(s)

Shelter utilization is based on shelter operations supported with ESG resources. No agencies received ESG shelter assisted during the 2020 - 2021 program year. However, ESG-CV funds were used for motel and hotel vouchers and rapid rehousing to address housing insecurities as a result of and during the COVID-19 pandemic. DHCD typically uses state resources to fund shelter operations.

# Fair Housing Summary

## Summary of Action Taken to Address the Impediments to Fair Housing

### CAPER 2020-2021

1. DHCD finalized the 2018 Analysis of the Impediments (AI) to Fair Housing based on statewide input and its citizen participation plan.
2. Discrimination in the rental and sales housing markets. Particularly, discrimination in the rental housing market based on disability, race, national origin, and familial status: *DHCD includes in written agreements with housing developers a clause that the owner/developer must certify that it will comply with affirmative marketing (24 CFR 92.351), nondiscrimination and civil rights (24 CFR 92.350) requirements. Tenant selection plans are subject to DHCD approval. DHCD conducts onsite rental project monitoring throughout the HUD required affordability period to assure long-term compliance with these requirements. DHCD conducts onsite reviews to confirm that properties display fair housing logos and materials. DHCD conducts file reviews to confirm compliance with tenant selection plans. Please note, due to COVID restrictions –onsite monitoring was suspended beginning in March of 2020. DHCD plans to resume onsite monitoring in the fall of 2021 barring any additional waivers.*
3. Constraints in the mortgage lending market. Minorities experience higher denial rates in the mortgage markets at all income levels, particularly at the lowest income levels in the conventional loan market. Subprime mortgages are also an issue of note for minority borrowers: *DHCD provides both homeowner assistance with rehabilitation and down payment and closing costs assistance to first-time homebuyers. DHCD provides both of these activities through contracts with DHCD subrecipients. DHCD contractually requires subrecipients affirmatively market the assistance and to assure nondiscrimination and civil rights.*
4. Need for additional fair housing education and outreach among real estate agents, landlords, housing providers, local officials and individuals: *In addition to outreach through specific programs, DHCD provides educational opportunities through its annual Governor's Housing Conference. This conference is widely attended by members of the real estate industry, localities, housing developers, and service providers. The 2020 Virginia Governor's Housing Conference included the following sessions related to fair housing:*
  - *14 New Laws that are Fair, Favorable, and Friendly to Tenants*
  - *Repositioning Public Housing Without Source of Income Discrimination*
  - *Undocumented, Unhoused and Unstable: Helping Virginia's Immigrant Population*
  - *Digital Equity: Availability, Affordability, and Accessibility*
  - *Making it Right: How Housers Can Address Racial Inequities and Close the Homeownership Gap*
  - *Policing, Criminal Records, and Housing*
  - *Equity Implications in Housing Vulnerable Populations*

- *From NIMBY to YIMBY: Reassessing Public Opinion in a Post-COVID and Post-Minneapolis World*

*DHCD provides staff education opportunities to learn more about fair housing. In September 2020, staff attended the Confronting Barriers 2020: Virginia's Fair Housing Summit, hosted by Housing Opportunities Made Equal of Virginia. DHCD was a financial sponsor of that conference as well as the Virginia Housing Alliance's Housing Credit Conference, Housing Virginia's Most Vulnerable Conference, and its Annual Housing Awards Luncheon.*

5. Disproportionate effects of certain local ordinances on members of various protected classes: *While DHCD does not have authority over localities, it does seek to provide education on the impact of local ordinances through sessions offered at the Annual Governor's Housing Conference.*
6. Availability and access to quality affordable housing; there are a large number of low-income households in need of affordable housing and there are a large number of cost-burdened households, especially in the rental housing market: *DHCD administers programs that provide homeowner rehabilitation, down payment assistance, and rental development assistance. The programs aim to preserve or create affordable and safe housing for low-income households. During the 2020 – 2021 program year, DHCD assisted 16 existing low-income households with homeowner rehabilitation assistance, targeted to rural areas of Virginia to help assure that households have safe and affordable housing. In addition, DHCD provided first-time homebuyer assistance to 55 low/moderate income households. DHCD's Affordable and Special Needs Housing (ASNH) program provides financial assistance to new construction and rehabilitation rental projects. Eleven ASNH projects were completed during the program year. Seven of these projects were HOME funded; three of these projects were NHTF fund. One project received both NHTF and HOME funding. Most of these are affordable to individuals earning 80 percent or less of the area median income (AMI).*

**Unit Geographic Locations**

*DHCD provides assistance to help create affordable housing units and to preserve existing affordable units. A total of 11 projects were completed during the 2020 – 2021 program year. Two of these projects are homebuyer projects providing low- to moderate-income households with the opportunity to become homeowners for the first time. Another nine projects are rental rehabilitation projects that either help to preserve existing affordable or created new affordable units in a gentrifying neighborhood. Five projects are new construction project that created affordable units in areas of opportunity or gentrifying revitalization zones. Two of these projects are located in one of the highest housing cost areas in Virginia (Albemarle/Charlottesville).*

<b>Project Name</b>	<b>Location</b>	<b>Type</b>	<b>Minority Concentration</b>	<b>Area of Opportunity</b>

Lassiter Courts	Newport News	Rental – Rehabilitation	83%	Revitalization
Crewe Village	Crewe	Rental – Rehabilitation	47%	Revitalization

\*Received both HOME and NHTF funding

**Expenditures on Fair Housing Related Activities**

*DHCD spent at least \$70,000 on fair housing related activities during the plan year. This includes a \$25,000 sponsorship for the conference, Confronting Barriers 2020: Virginia’s Fair Housing Summit, in September 2020. This conference was widely attended by many different stakeholders including a number of DHCD staff. DHCD spent additional resources on fair housing related training for staff provided through the Governor’s Housing Conference.*

**Public Participation and Notices**

*DHCD ran the 2020 – 2021 CAPER legal notice during the week of September 6, 2021 in the following five newspapers: Virginia Pilot, the Roanoke Times, the Richmond Times Dispatch, the Richmond Free Press, and the Northern Virginia Daily. DHCD’s website content has language translation options and instructions for individuals needing accommodations are included both online and in the public notice. DHCD provides outreach efforts through homeless services input sessions including representation from Virginia Continuum of Care as well as other input opportunities. DHCD requires that subrecipients include outreach efforts to accommodate the underserved, such as minorities, the disabled, and low and very low-income persons/families.*

## Housing Opportunities for Persons With AIDS (HOPWA) Program

### Consolidated Annual Performance and Evaluation Report (CAPER) Measuring Performance Outcomes

OMB Number 2506-0133 (Expiration Date: 11/30/2023)

The CAPER report for HOPWA formula grantees provides annual information on program accomplishments that supports program evaluation and the ability to measure program beneficiary outcomes as related to: maintain housing stability; prevent homelessness; and improve access to care and support. This information is also covered under the Consolidated Plan Management Process (CPMP) report and includes Narrative Responses and Performance Charts required under the Consolidated Planning regulations. Reporting is required for all HOPWA formula grantees. The public reporting burden for the collection of information is estimated to average 41 hours per manual response, or less if an automated data collection and retrieval system is in use, along with 60 hours for record keeping, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD's requirements for reports submitted by HOPWA formula grantees are supported by 42 U.S.C. § 12911 and HUD's regulations at 24 CFR § 574.520(a). Grantees are required to report on the activities undertaken only, thus there may be components of these reporting requirements that may not be applicable. This agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless that collection displays a valid OMB control number. While confidentiality is not assured, HUD generally only releases this information as required or permitted by law.

**Overview.** The Consolidated Annual Performance and Evaluation Report (CAPER) provides annual performance reporting on client outputs and outcomes that enables an assessment of grantee performance in achieving the housing stability outcome measure. The CAPER fulfills statutory and regulatory program reporting requirements and provides the grantee and HUD with the necessary information to assess the overall program performance and accomplishments against planned goals and objectives.

HOPWA formula grantees are required to submit a CAPER demonstrating coordination with other Consolidated Plan resources. HUD uses the CAPER data to obtain essential information on grant activities, project sponsors, housing sites, units and households, and beneficiaries (which includes racial and ethnic data on program participants). The Consolidated Plan Management Process tool (CPMP) provides an optional tool to integrate the reporting of HOPWA specific activities with other planning and reporting on Consolidated Plan activities.

**Table of Contents**

1. Grantee Information
2. Project Sponsor Information
3. Grantee Narrative and Performance Assessment
  - a. Grantee and Community Overview
  - b. Annual Performance under the Action Plan
  - c. Barriers or Trends Overview

**PART 2: Sources of Leveraging and Program Income**

1. Sources of Leveraging
2. Program Income and Resident Rent Payments

**PART 3: Accomplishment Data: Planned Goals and Actual Outcomes**

**PART 4: Summary of Performance Outcomes**

1. Housing Stability: Permanent Housing and Related Facilities
2. Prevention of Homelessness: Short-Term Housing Payments
3. Access to Care and Support: Housing Subsidy Assistance with Supportive Services

**PART 5: Worksheet - Determining Housing Stability Outcomes**

**PART 6: Annual Report of Continued Use for HOPWA Facility-Based Stewardship Units (Only)**

**PART 7: Summary Overview of Grant Activities**

- A. Information on Individuals, Beneficiaries and Households Receiving HOPWA Housing Subsidy Assistance (TBRA, STRMU, PMP, Facility Based Units, Master Leased Units-ONLY)
- B. Facility-Based Housing Assistance

**Continued Use Periods.** Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation of a building or structure are required to operate the building or structure for HOPWA-eligible beneficiaries for a ten (10) years period. If no further HOPWA funds are used to support the facility, in place of completing Section 7B of the CAPER, the grantee must submit an Annual Report of Continued Project Operation throughout the required use periods. This report is included in Part 6 in CAPER. The required use period is three (3) years if the rehabilitation is non-substantial.

**Record Keeping.** Names and other individual information must be kept confidential, as required by 24 CFR 574.440. However, HUD reserves the right to review the information used to complete this report for grant management oversight purposes, except for recording any names and other identifying information. **In the case that HUD must review client-level data, no client names or identifying information will be retained or recorded. Information is reported in aggregate to HUD without personal identification. Do not submit client or personal information in data systems to HUD.**

In connection with the development of the Department's standards for Homeless Management Information Systems (HMIS), universal data elements are being collected for clients of HOPWA-funded homeless assistance projects. These project sponsor records would include: Name, Social Security Number, Date of Birth, Ethnicity and Race, Gender, Veteran Status, Disabling Conditions, Residence Prior to Program Entry, Zip Code of Last Permanent Address, Housing Status, Program Entry

Date, Program Exit Date, Personal Identification Number, and Household Identification Number. These are intended to match the elements under HMIS. The HOPWA program-level data elements include: Income and Sources, Non-Cash Benefits, HIV/AIDS Status, Services Provided, Housing Status or Destination at the end of the operating year, Physical Disability, Developmental Disability, Chronic Health Condition, Mental Health, Substance Abuse, Domestic Violence, Medical Assistance, and F-act Count. Other HOPWA projects sponsors may also benefit from collecting these data elements. HMIS local data systems must maintain client confidentiality by using a closed system in which medical information and HIV status are only shared with providers that have a direct involvement in the client's case management, treatment and care, in line with the signal release of information from the client.

**Operating Year.** HOPWA formula grants are annually awarded for a three-year period of performance with three operating years. The information contained in this CAPER must represent a one-year period of HOPWA program operation that coincides with the grantee's program year; this is the operating year. More than one HOPWA formula grant awarded to the same grantee may be used during an operating year and the CAPER must capture all formula grant funding used during the operating year. Project sponsor accomplishment information must also coincide with the operating year this CAPER covers. Any change to the period of performance requires the approval of HUD by amendment, such as an extension for an additional operating year.

**Final Assembly of Report.** After the entire report is assembled, number each page sequentially.

**Filing Requirements.** Within 90 days of the completion of each program year, grantees must submit their completed CAPER to the CPD Director in the grantee's State to Local HUD Field Office, and to the HOPWA Program Office at [HOPWA@hud.gov](mailto:HOPWA@hud.gov). Electronic submission to HOPWA Program office is preferred; however, if electronic submission is not possible, hard copies can be mailed to: Office of HIV/AIDS Housing, Room 7248, U.S. Department of Housing and Urban Development, 451 Seventh Street, SW, Washington, D.C., 20410.

**Definitions**

**Adjustment for Duplication:** Enables the calculation of unduplicated output totals by accounting for the total number of households or units that received more than one type of HOPWA assistance in a given service category such as HOPWA Subsidy Assistance or Supportive Services. For example, if a client household received both TBRA and STRMU during the operating year, report that household in the category of HOPWA Housing Subsidy Assistance in Part 3, Chart 1, Column (b) in the following manner:

HOPWA Housing Subsidy Assistance		(1) Outputs: Number of Households
1.	<b>Tenant-Based Rental Assistance</b>	1
2a.	<b>Permanent Housing Facilities:</b> Received Operating Subsidies Leased units.	
2b.	<b>Transitional/Short-term Facilities:</b> Received Operating Subsidies	
3a.	<b>Permanent Housing Facilities:</b> Capital Development Projects placed in service during the operating year.	
3b.	<b>Transitional/Short-term Facilities:</b> Capital Development Projects placed in service during the operating year.	
4.	<b>Short-term Rent, Mortgage, and Utility Assistance</b>	1
5.	<b>Adjustment for duplication (subtract)</b>	1
6.	<b>TOTAL Housing Subsidy Assistance (Sum of Rows 1-4 minus Row 5)</b>	1

**Administrative Costs:** Costs for general management, oversight, coordination, evaluation, and reporting. By statute, grantee administrative costs are limited to 3% of total grant award, to be expended over the life of the grant. Project sponsor administrative costs are limited to 7% of the portion of the grant amount they receive.

**Beneficiary(ies):** All members of a household who received HOPWA assistance during the operating year including the one individual who qualified the household for HOPWA assistance as well as any other members of the household (with or without HIV) who benefitted from the assistance.

**Chronically Homeless Person:** An individual or family who : (i) is homeless and lives or resides individual or family who : (i) is homeless and lives or resides in a place not meant for human habitation, a safe haven, or in an emergency shelter; (ii) has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for at least 1 year or on at least 4 separate occasions in the last 3 years; and (iii) has an adult head of household (or a minor head of household if no adult is present in the household) with a diagnosable substance use disorder, serious mental illness, developmental disability (as defined in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15002)), post traumatic stress disorder, cognitive impairments resulting from a brain injury, or chronic physical illness or disability, including the co-occurrence of 2 or more of those conditions. Additionally, the statutory definition includes as chronically homeless a person who currently lives or resides in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital or other similar facility, and has resided there for fewer than 90 days if such person met the other criteria for homeless prior to entering that facility. (See 42 U.S.C. 11360(2)) This does not include doubled-up or overcrowding situations.

**Disabling Condition:** Evidencing a diagnosable substance use disorder, serious mental illness, developmental disability, chronic physical illness, or disability, including the co-occurrence of two or more of these conditions. In addition, a disabling condition may limit an individual's ability to work or perform one or more activities of daily living. An HIV/AIDS diagnosis is considered a disabling condition.

**Facility-Based Housing Assistance:** All eligible HOPWA Housing expenditures for or associated with supporting facilities including community residences, SRO dwellings, short-term facilities, project-based rental units, master leased units, and other housing facilities approved by HUD.

**Faith-Based Organization:** Religious organizations of three types: (1) congregations; (2) national networks, which include national denominations, their social service arms (for example, Catholic Charities, Lutheran Social Services), and networks of related organizations (such as YMCA and YWCA); and (3) freestanding religious organizations, which are incorporated separately from congregations and national networks.

**Grassroots Organization:** An organization headquartered in the local community where it provides services; has a social services budget of \$300,000 or less annually, and six or fewer full-time equivalent employees. Local affiliates of national organizations are not considered "grassroots."

**HOPWA Eligible Individual:** The one (1) low-income person with HIV/AIDS who qualifies a household for HOPWA assistance. This person may be considered "Head of Household." When the CAPER asks for information on eligible individuals, report on this individual person only. Where there is more than one person with HIV/AIDS in the household, the additional PWH/A(s), would be considered a beneficiary(s).

**HOPWA Housing Information Services:** Services dedicated to helping persons living with HIV/AIDS and their families to identify, locate, and acquire housing. This may also include fair housing counseling for eligible persons who may encounter discrimination based on race, color, religion, sex, age, national origin, familial status, or handicap/disability.

**HOPWA Housing Subsidy Assistance Total:** The unduplicated number of households receiving housing subsidies (TBRA, STRMU, Permanent

Housing Placement services and Master Leasing) and/or residing in units of facilities dedicated to persons living with HIV/AIDS and their families and supported with HOPWA funds during the operating year.

**Household:** A single individual or a family composed of two or more persons for which household incomes are used to determine eligibility and for calculation of the resident rent payment. The term is used for collecting data on changes in income, changes in access to services, receipt of housing information services, and outcomes on achieving housing stability. Live-In Aides (see definition for Live-In Aide) and non-beneficiaries (e.g. a shared housing arrangement with a roommate) who resided in the unit are not reported on in the CAPER.

**Housing Stability:** The degree to which the HOPWA project assisted beneficiaries to remain in stable housing during the operating year. See *Part 5: Determining Housing Stability Outcomes* for definitions of stable and unstable housing situations.

**In-kind Leveraged Resources:** These are additional types of support provided to assist HOPWA beneficiaries such as volunteer services, materials, use of equipment and building space. The actual value of the support can be the contribution of professional services, based on customary rates for this specialized support, or actual costs contributed from other leveraged resources. In determining a rate for the contribution of volunteer time and services, use the criteria described in 2 CFR 200. The value of any donated material, equipment, building, or lease should be based on the fair market value at time of donation. Related documentation can be from recent bills of sales, advertised prices, appraisals, or other information for comparable property similarly situated.

**Leveraged Funds:** The amount of funds expended during the operating year from non-HOPWA federal, state, local, and private sources by grantees or sponsors in dedicating assistance to this client population. Leveraged funds or other assistance are used directly in or in support of HOPWA program delivery.

**Live-In Aide:** A person who resides with the HOPWA Eligible Individual and who meets the following criteria: (1) is essential to the care and well-being of the person; (2) is not obligated for the support of the person; and (3) would not be living in the unit except to provide the necessary supportive services. See (24 CFR 5.403 and the HOPWA Grantee Oversight Resource Guide for additional reference.

**Master Leasing:** Applies to a nonprofit or public agency that leases units of housing (scattered-sites or entire buildings) from a landlord, and subleases the units to homeless or low-income tenants. By assuming the tenancy burden, the agency facilitates housing of clients who may not be able to maintain a lease on their own due to poor credit, evictions, or lack of sufficient income.

**Operating Costs:** Applies to facility-based housing only, for facilities that are currently open. Operating costs can include day-to-day housing function and operation costs like utilities, maintenance, equipment, insurance, security, furnishings, supplies and salary for staff costs directly related to the housing project but not staff costs for delivering services.

**Outcome:** The degree to which the HOPWA assisted household has been enabled to establish or maintain a stable living environment in housing that is safe, decent, and sanitary, (per the regulations at 24 CFR 574.310(b)) and to reduce the risks of homelessness, and improve access to HIV treatment and other health care and support.

**Output:** The number of units of housing or households that receive HOPWA assistance during the operating year.

**Permanent Housing Placement:** A supportive housing service that helps establish the household in the housing unit, including but not limited to reasonable costs for security deposits not to exceed two months of rent costs.

**Program Income:** Gross income directly generated from the use of HOPWA funds, including repayments. See grant administration

requirements on program income at 2 CFR 200.307.

**Project-Based Rental Assistance (PBRA):** A rental subsidy program that is tied to specific facilities or units owned or controlled by a project sponsor. Assistance is tied directly to the properties and is not portable or transferable.

**Project Sponsor Organizations:** Per HOPWA regulations at 24 CFR 574.3, any nonprofit organization or governmental housing agency that receives funds under a contract with the grantee to provide eligible housing and other support services or administrative services as defined in 24 CFR 574.300. Project Sponsor organizations are required to provide performance data on households served and funds expended.

**SAM:** All organizations applying for a Federal award must have a valid registration active at sam.gov. SAM (System for Award Management) registration includes maintaining current information and providing a valid DUNS number.

**Short-Term Rent, Mortgage, and Utility (STRMU) Assistance:** A time-limited, housing subsidy assistance designed to prevent homelessness and increase housing stability. Grantees may provide assistance for up to 21 weeks in any 52-week period. The amount of assistance varies per client depending on funds available, tenant need and program guidelines.

**Stewardship Units:** Units developed with HOPWA, where HOPWA funds were used for acquisition, new construction and rehabilitation that no longer receive operating subsidies from HOPWA. Report information for the units is subject to the three-year use agreement if rehabilitation is non-substantial and to the ten-year use agreement if rehabilitation is substantial.

**Tenant-Based Rental Assistance (TBRA):** TBRA is a rental subsidy program similar to the Housing Choice Voucher program that grantees can provide to help low-income households access affordable housing. The TBRA voucher is not tied to a specific unit, so tenants may move to a different unit without losing their assistance, subject to individual program rules. The subsidy amount is determined in part based on household income and rental costs associated with the tenant's lease.

**Transgender:** Transgender is defined as a person who identifies with, or presents as, a gender that is different from the person's gender assigned at birth.

**Veteran:** A veteran is someone who has served on active duty in the Armed Forces of the United States. This does not include inactive military reserves or the National Guard unless the person was called up to active duty.

**5. Grantee Narrative and Performance Assessment**

**a. Grantee and Community Overview**

Provide a one to three page narrative summarizing major achievements and highlights that were proposed and completed during the program year. Include a brief description of the grant organization, area of service, the name(s) of the program contact(s), and an overview of the range/type of housing activities provided. This overview may be used for public information, including posting on HUD’s website. *Note: Text fields are expandable.*

The mission of the Department of Housing and Community Development (DHCD) is to work in partnership “to make Virginia’s communities safe, affordable, and prosperous places in which to live, work, and do business.”

The 2020-21 Virginia Department of Housing and Community Development Program was administered through 7 project sponsors across the state of Virginia. These project sponsors provided housing assistance to 191 households. The assistance provided included:

- Short-term rent, utility, and mortgage assistance (STRUM);
- Tenant-based rental assistance (TBRA);
- Permanent Housing Placement;
- Housing Information Services; and
- Supportive Services

As an eligible state, the Commonwealth of Virginia receives a HOPWA formula grant, administered by the Department of Housing and Community Development (DHCD). Thereby, DHCD grants these HOPWA funds to eligible project sponsors (that operate outside the state’s EMSAs) following a competitive application process. Currently, the state HOPWA program encompasses 31,749 square miles.

Funds received through HOPWA only supported clients and programs within Virginia’s non-eligible metropolitan statistical areas. HOPWA eligible metropolitan areas receive their HOPWA allocations directly from HUD and have specific guidelines and separate processes not included within the Virginia HOPWA program process or program.

<i>Virginia HOPWA Program Eligible Service Areas</i>			
<b>Counties of:</b>			<b>Independent Cities of:</b>
Accomack	Franklin	Page	Bedford City
Albemarle	Frederick	Patrick	Bristol

Significantly, limited funds are available to meet all the needed housing assistance for moderate to low income individuals with HIV/AIDS in Virginia's non-eligible metropolitan statistical areas. As a result, the funds through this program were focused on direct housing assistance and supportive services for the individuals receiving housing assistance through the HOPWA program. Project Sponsors are strongly encouraged to partner with other service providers (both public and private) to coordinate client services and fully leverage available resources in their particular service areas. Eligible housing activities (direct housing assistance) for this HOPWA program are:

- Tenant based rental assistance (TBRA)
- Short-term rental mortgage and utility assistance (STRMU)
- Permanent Housing Placement Services (Utility deposits)

The Department deducted from the State's allocation the allowable three percent for administration. These funds were used to pay staff costs associated with administering the HOPWA grant (including travel costs for required site visits, technical assistance, training, and other materials directly related to the program).

#### **b. Annual Performance under the Action Plan**

Provide a narrative addressing each of the following four items:

**1. Outputs Reported.** Describe significant accomplishments or challenges in achieving the number of housing units supported and the number households assisted with HOPWA funds during this operating year compared to plans for this assistance, as approved in the Consolidated Plan/Action Plan. Describe how HOPWA funds were distributed during your operating year among different categories of housing and geographic areas to address needs throughout the grant service area, consistent with approved plans.

The state's HOPWA program is distributed through seven experienced HOPWA providers. The numbers served overall and by type of assistance have been fairly consistent over the past three years.

**2. Outcomes Assessed.** Assess your program's success in enabling HOPWA beneficiaries to establish and/or better maintain a stable living environment in housing that is safe, decent, and sanitary, and improve access to care. Compare current year results to baseline results for clients. Describe how program activities/projects contributed to meeting stated goals. If program did not achieve expected targets, please describe how your program plans to address challenges in program implementation and the steps currently being taken to achieve goals in next operating year. If your program exceeded program targets, please describe strategies the program utilized and how those contributed to program successes.

Most (90.5 percent) of those served with TBTA remained in stable permanent housing situations. More than half (56 percent) of those receiving STRMU were stable in permanent housing.

**3. Coordination.** Report on program coordination with other mainstream housing and supportive services resources, including the use of committed leveraging from other public and private sources that helped to address needs for eligible persons identified in the Consolidated Plan/Strategic Plan.

The state includes its HOPWA program in the community-based funding strategies used to encourage local community planning to prevent and end homelessness. This means that local communities must include HOPWA in their overall assessment of available resources and make appropriate measures to leverage these resources to meet identified local needs. State grantees must assure that all state and federal HOPWA and homeless services resources are coordinated with other local and mainstream resources.

**4. Technical Assistance.** Describe any program technical assistance needs and how they would benefit program beneficiaries. The Department of Housing and Community Development continues to monitor project sponsors and provide ongoing technical assistance. No technical assistance needs outside of those measures already in place have been identified at this time.

#### **c. Barriers and Trends Overview**

Provide a narrative addressing items 1 through 3. Explain how barriers and trends affected your program's ability to achieve the objectives and outcomes discussed in the previous section.

1. Describe any barriers (including regulatory and non-regulatory) encountered in the administration or implementation of the HOPWA program, how they affected your program's ability to achieve the objectives and outcomes discussed, and, actions taken in response to barriers, and recommendations for program improvement. Provide an explanation for each barrier selected.

Transportation barriers, limited affordable housing options, and criminal backgrounds are barriers that impact the state's HOPWA program. The state's program covers predominately rural areas with limited or no access to public transportation. This means that customers have barriers to accessing HOPWA services and healthcare. Existing housing and other housing opportunities are often not located in proximity to community services. Project sponsors are coordinating access to assessments and services with other service providers to outreach to HOPWA eligible households. Coordination and flexibility in accessing services are encouraged.

HOPWA eligible clients often require ongoing rent subsidies in order to maintain affordable housing. Unfortunately, HOPWA resources are limited and not a viable long-term solution. Project sponsors are encouraged to work closely with local housing authorities to help facilitate client access to long-term subsidies. All HOPWA clients are required to seek other mainstream resources as these are available.

HOPWA project sponsors in conjunction with their local Continuum of Care are working with landlords to help eliminate criminal backgrounds as a barrier for their clients.

2. Describe any trends in the community that may affect the way in which the needs of persons living with HIV/AIDS are being addressed, and provide any other information important to the future provision of services to this population.

HOPWA funding is now being coordinated on a local level through the local Continuum of Care. This is helping to better leverage other local resources to address where appropriate housing and service needs.

3. Identify any evaluations, studies, or other assessments of the HOPWA program that are available to the public. No recent studies.

**PART 2: Sources of Leveraging and Program Income**

**1. Sources of Leveraging**

Report the source(s) of cash or in-kind leveraged federal, state, local or private resources identified in the Consolidated or Annual Plan and used in the delivery of the HOPWA program and the amount of leveraged dollars. In Column [1], identify the type of leveraging. Some common sources of leveraged funds have been provided as a reference point. You may add Rows as necessary to report all sources of leveraged funds. Include Resident Rent payments paid by clients directly to private landlords. Do NOT include rents paid directly to a HOPWA program as this will be reported in the next section. In Column [2] report the amount of leveraged funds expended during the operating year. Use Column [3] to provide some detail about the type of leveraged contribution (e.g., case management services or clothing donations). In Column [4], check the appropriate box to indicate whether the leveraged contribution was a housing subsidy assistance or another form of support.

*Note: Be sure to report on the number of households supported with these leveraged funds in Part 3, Chart 1, Column d.*

**PART 3: Accomplishment Data Planned Goal and Actual Outputs**

In Chart 1, enter performance information (goals and actual outputs) for all activities undertaken during the operating year supported with HOPWA funds. Performance is measured by the number of households and units of housing that were supported with HOPWA or other federal, state, local, or private funds for the purposes of providing housing assistance and support to persons living with HIV/AIDS and their families.

**3. Short-Term Rent, Mortgage and Utility Assistance (STRMU) Summary**

In Row a, enter the total number of households served and the amount of HOPWA funds expended on Short-Term Rent, Mortgage and Utility (STRMU) Assistance. In Row b, enter the total number of STRMU-assisted households that received assistance with mortgage costs only (no utility costs) and the amount expended assisting these households. In Row c, enter the total number of STRMU-assisted households that received assistance with both mortgage and utility costs and the amount expended assisting these households. In Row d, enter the total number of STRMU-assisted households that received assistance with rental costs only (no utility costs) and the amount expended assisting these households. In Row e, enter the total number of STRMU-assisted households that received assistance with both rental and utility costs and the amount expended assisting these households. In Row f, enter the total number of STRMU-assisted households that received assistance with utility costs only (not including rent or mortgage costs) and the amount expended assisting these households. In row g, report the amount of STRMU funds expended to support direct program costs such as program operation staff.

**Data Check:** The total households reported as served with STRMU in Row a, column [1] and the total amount of HOPWA funds reported as expended in Row a, column [2] equals the household and expenditure total reported for STRMU in Part 3, Chart 1, Row 4, Columns b and f, respectively.

**Data Check:** The total number of households reported in Column [1], Rows b, c, d, e, and f equal the total number of STRMU households reported in Column [1], Row a. The total amount reported as expended in Column [2], Rows b, c, d, e, f, and g, equal the total amount of STRMU expenditures reported in Column [2], Row a.

**Part 4: Summary of Performance Outcomes**

In Column [1], report the total number of eligible households that received HOPWA housing subsidy assistance, by type. In Column [2], enter the number of households that continued to access each type of housing subsidy assistance into next operating year. In Column [3], report the housing status of all households that exited the program.  
**Data Check:** The sum of Columns [2] (Number of Households Continuing) and [3] (Exited Households) equals the total reported in Column[1].  
**Note:** Refer to the housing stability codes that appear in Part 5: Worksheet - Determining Housing Stability Outcomes.

**Section 2. Prevention of Homelessness: Assessment of Client Outcomes on Reduced Risks of Homelessness (Short-Term Housing Subsidy Assistance)**

Report the total number of households that received STRMU assistance in Column [1].  
 In Column [2], identify the outcomes of the households reported in Column [1] either at the time that they were known to have left the STRMU program or through the project sponsor's best assessment for stability at the end of the operating year.  
 Information in Column [3] provides a description of housing outcomes; therefore, data is not required.  
 At the bottom of the chart:

- In Row 1a, report those households that received STRMU assistance during the operating year of this report, and the prior operating year.
- In Row 1b, report those households that received STRMU assistance during the operating year of this report, and the two prior operating years.

**Data Check:** The total households reported as served with STRMU in Column [1] equals the total reported in Part 3, Chart 1, Row 4, Column b.

**Data Check:** The sum of Column [2] should equal the number of households reported in Column [1].

**Section 3. HOPWA Outcomes on Access to Care and Support**

**1a. Total Number of Households**

Line [1]: For project sponsors that provided HOPWA housing subsidy assistance during the operating year identify in the appropriate row the number of households that received HOPWA housing subsidy assistance (TBRA, STRMU, Facility-Based, PHP and Master Leasing) and HOPWA funded case management services. Use Row c to adjust for duplication among the service categories and Row d to provide an unduplicated household total.

Line [2]: For project sponsors that did NOT provide HOPWA housing subsidy assistance identify in the appropriate row the number of households that received HOPWA funded case management services.

*Note: These numbers will help you to determine which clients to report Access to Care and Support Outcomes for and will be used by HUD as a basis for analyzing the percentage of households who demonstrated or maintained connections to care and support as identified in Chart 1b below.*

Total Number of Households	
1. For Project Sponsors that provided HOPWA Housing Subsidy Assistance: Identify the total number of households that received the following HOPWA-funded services:	
a. Housing Subsidy Assistance (duplicated)-TBRA, STRMU, PHP, Facility-Based Housing, and Master Leasing	211
b. Case Management	191
c. Adjustment for duplication (subtraction)	211
d. Total Households Served by Project Sponsors with Housing Subsidy Assistance (Sum of Rows a and b minus Row c)	191
2. For Project Sponsors did NOT provide HOPWA Housing Subsidy Assistance: Identify the total number of households that received the following HOPWA-funded service:	
a. HOPWA Case Management	
b. Total Households Served by Project Sponsors without Housing Subsidy Assistance	

**1b. Status of Households Accessing Care and Support**

Column [1]: Of the households identified as receiving services from project sponsors that provided HOPWA housing subsidy assistance as identified in Chart 1a, Row 1d above, report the number of households that demonstrated access or maintained connections to care and support within the operating year.

Column [2]: Of the households identified as receiving services from project sponsors that did NOT provide HOPWA housing subsidy assistance as reported in Chart 1a, Row 2b, report the number of households that demonstrated improved access or maintained connections to care and support within the operating year.

*Note: For information on types and sources of income and medical insurance/assistance, refer to Charts below.*

**Background on HOPWA Housing Stability Codes**

**Stable Permanent Housing/Ongoing Participation**

3 = Private Housing in the private rental or home ownership market (without known subsidy, including permanent placement with families or other self-sufficient arrangements) with reasonable expectation that additional support is not needed.

4 = Other HOPWA-funded housing subsidy assistance (not STRMU), e.g. TBRA or Facility-Based Assistance.

5 = Other subsidized house or apartment (non-HOPWA sources, e.g., Section 8, HOME, public housing).

6 = Institutional setting with greater support and continued residence expected (e.g., residential or long-term care facility).

**Temporary Housing**

2 = Temporary housing - moved in with family/friends or other short-term arrangement, such as Ryan White subsidy, transitional housing for homeless, or temporary placement in institution (e.g., hospital, psychiatric hospital or other psychiatric facility, substance abuse treatment facility or detox center).

**Unstable Arrangements**

1 = Emergency shelter or no housing destination such as places not meant for habitation (e.g., a vehicle, an abandoned building, bus/train/subway station, or anywhere outside).

7 = Jail /prison.

8 = Disconnected or disappeared from project support, unknown destination or no assessments of housing needs were undertaken.

**Life Event**

9 = Death, i.e., remained in housing until death. This characteristic is not factored into the housing stability equation.

**Tenant-based Rental Assistance:** Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as reported under: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item: 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

**Permanent Facility-Based Housing Assistance:** Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

**Transitional/Short-Term Facility-Based Housing Assistance:** Stable Housing is the sum of the number of households that (i) continue in the residences (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Other Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

**Tenure Assessment.** A baseline of households in transitional/short-term facilities for assessment purposes, indicate the number of households whose tenure exceeded 24 months.

**STRMU Assistance:** Stable Housing is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period and there is reasonable expectation that additional support is not needed in order to maintain permanent housing living situation (as this is a time-limited form of housing support) as reported under housing status: Maintain Private Housing with subsidy; Other Private with Subsidy; Other HOPWA support; Other Housing Subsidy; and Institution. Temporarily Stable, with Reduced Risk of Homelessness is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period or left their current housing arrangement for a transitional facility or other temporary/non-permanent housing arrangement and there is reasonable expectation additional support will be needed to maintain housing arrangements in the next year, as reported under housing status: Likely to maintain current housing arrangements, with additional STRMU assistance; Transitional Facilities/Short-term; and Temporary/Non-Permanent Housing arrangements. Unstable Situation is the sum of number of households reported under housing status: Emergency Shelter; Jail/Prison; and Disconnected.

**End of PART 5**

**PART 6: Annual Report of Continued Usage for HOPWA Facility-Based Stewardship Units (ONLY)**

The Annual Report of Continued Usage for HOPWA Facility-Based Stewardship Units is to be used in place of Part 7B of the CAPER if the facility was originally acquired, rehabilitated or constructed/developed in part with HOPWA funds but no HOPWA funds were expended during the operating year. Scattered site units may be grouped together on one page.

Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation are required to operate their facilities for HOPWA eligible individuals for at least ten (10) years. If non-substantial rehabilitation funds were used, they are required to operate for at least three (3) years. Stewardship begins once the facility is put into operation.

*Note: See definition of Stewardship Units.*

**Part 7: Summary Overview of Grant Activities****A. Information on Individuals, Beneficiaries, and Households Receiving HOPWA Housing Subsidy Assistance (TBRA, STRMU, Facility-Based Units, Permanent Housing Placement and Master Leased Units ONLY)**

*Note: Reporting for this section should include ONLY those individuals, beneficiaries, or households that received and/or resided in a household that received HOPWA Housing Subsidy Assistance as reported in Part 3, Chart 1, Row 7, Column b. (e.g., do not include households that received HOPWA supportive services ONLY).*

**Section 1. HOPWA-Eligible Individuals Who Received HOPWA Housing Subsidy Assistance****a. Total HOPWA Eligible Individuals Living with HIV/AIDS**

In Chart a., provide the total number of eligible (and unduplicated) low-income individuals living with HIV/AIDS who qualified their household to receive HOPWA housing subsidy assistance during the operating year. This total should include only the individual who qualified the household for HOPWA assistance, NOT all HIV positive individuals in the household.

2015	15,416	Streetscape improvements to include the installation of approximately forty-three curb ramps; seven crosswalks; eighteen street lights; 5,900 square feet of unit pavers; 724 face feet of decorative wall or fence and retaining walls; 650 cubic yards of imported infill; 1,900 square feet of concrete sidewalk, trees, shrubs, seeding, mulch, and sculptural element at Courthouse Square and Trailhead.
2011		The City is performing most of the street improvements as an in-kind match. The work that will be done in front of the Historic Henry County Courthouse is going to be re-done as a result of the bids being too high.
2012		The City reports that they have installed curb ramps, crosswalks, street lights and landscaping.
2013		The streetscape improvements are now complete. The improvements benefited numerous businesses, including TheatreWorks, 9 barbers/hairdressers, a therapist, a fabric company, a hotel, a gym, future medical school, dental clinic, butcher shop/market, curbside diner, charity club, 4 office buildings, NCI wet lab building, 2 pocket parks, medical school class room building, Museum/Heritage Center and NCI classrooms and administrative building.

451 This activity involved the development of a business loan pool and marketing efforts for the revitalized downtown. Not loans were issued due to a lack of demand. Therefore approximately \$60,000 in CDBG funds will be recaptured. The did, however, follow through on marketing efforts for the downtown and placed banners on existing light poles with new branding and constructed kiosks to help with directions and raise the history of the town.

2011		The City is performing most of the street improvements as an in-kind match. The work that will be done in front of the Historic Henry County Courthouse is going to be re-done as a result of the bids being too high.
2012		The City reports that they have installed curb ramps, crosswalks, street lights and landscaping.
2013		The streetscape improvements are now complete. The improvements benefited numerous businesses, including TheatreWorks, 9 barbers/hairdressers, a therapist, a fabric company, a hotel, a gym, future medical school, dental clinic, butcher shop/market, curbside diner, charity club, 4 office buildings, NCI wet lab building, 2 pocket parks, medical school class room building, Museum/Heritage Center and MCI classrooms and administrative building.

The Moton Museum is operational and open to the public. The museum houses the permanent exhibition related to (most notable for the 1951 Moton Student Strike against unequal educational facilities and resources. The direct action campaign resulted in Davis v. County School Board of Prince Edward County, the largest and only student initiated case consolidated into Brown v. Board of Education, the landmark 1954 United States Supreme Court decision declaring "separate but equal" public schools unconstitutional. Three jobs have been created-Interim Director, Museum Assistant and an Academic Consultant. The museum is toured by school children, offers lunch programs and a community meeting center.

2013

The permanent museum gallery exhibits are now complete. The museum is committed to hire eight positions, five of which will be made available to LMI individuals. Administrative closure is 1/9/2014. No jobs have been created yet, but the grantee has two years to create and verify job creation.

2014		0The project had spots for two more potential rehab applicants. Two households applied, one was determined to be over-income and the second family eventually chose not to participate in the program.
2013		0The property to be rehabilitated has not been identified yet.
2015		0This activity is now complete. One owner-occupied housing unit has been rehabilitated. Two additional homeowners submitted applications for rehab but first applicant was over the 80% AMI limit and the second homeowner ultimately decided not to participate in the program. Other neighborhood residents were approached about participating in the program but decline.

2014	42	One mobile home was removed from the project area and replaced with a stick built home. The County started and received approval for two blighted structures, both old stick built homes to be demolished. However, one family changed their minds as they received an offer to purchase the home from someone and the other property did not receive all of the property heirs permission. The County will continue a process to have the home demolished through their legal process. The County is also attempted a final mobile home demolition but the property owner was incarcerated making moving forward impossible. It should be noted, however, through the housing and infrastructure improvements, the entire project area has less debris, is cleaner and well-kept than prior to the CIG beginning.
2013	0	There has been no specific demolition or clearance currently with this project. The grantee was in the bid process for the pending removal of a mobile home as a component of a substantial reconstruction. In addition, the grantee is preparing for additional communication with the property owner of two structures that were originally slated for demolition but appear to be being worked on by the owner or someone with access to the property.

- 2014 0 Applications from two separate homes was started. Homeowners were assisted in obtaining the required program eligibility considerations. Neither primary applicant could provide the necessary verification to complete the application. Further, someone from each household was incarcerated making completing the application process impossible.
- 2013 0 No houses have been rehabilitated to-date. A resident interested to rehabilitation has participated in a housing class offered by USDA/Rural Development.
- 2015 0 One of the four units slated for rehabilitation had to be substantially reconstructed. The County was unable to rehabilitate the remaining three housing units. One original applicant moved from the project area and two remaining applicants did not meet the income qualifications. This activity will be cancelled.

(No units are complete yet. Work will begin soon on an owner-occupied mobile home that will be substantially reconstructed. The pre-bid meeting was held and the bid date is scheduled for August 1, 2014 and anticipated construction to begin at the end of August 2014. The property owner has taken a housing class offered by USDA-Rural Development.

2014

(One substantial reconstruction unit has been completed for a family of six during the reporting period. The two story house was designed by the rehab specialist to have capacity to have upstairs rooms completed at a later time. Through the generosity of the local contractor, the four bedroom home was fully completed within the original 3 bedroom budget.

2010	0	Appraisals and review appraisals for the two (2) properties to be acquired are underway and should be completed by August 2011.
2015	1,451	The completion of renovations of the old bank building into the Heritage Center. The center is fully operational.
2014	0	The Town of Honaker acquired two properties more than two years ago as part of their downtown revitalization project. One of the properties was converted to a public parking; the end use of the second acquired property has not been met yet. Delays are attributed to the Town being forced to terminate the original architectural agreement for non-performance and progress creating a major set back and the fact that leverage funds caused some timing delays.  The contractor who is charged with renovating one of the two acquired properties (the former First National Bank building) began work in November 2014. Renovations are expected to be completed by January 2016. At this time the Honaker Heritage Center will be complete and the Center's partnership with the Southwest Virginia Community College will begin and the distance learning classroom for GED training and microenterprise assistance will commence.

2012

1.44 The activity is now complete. Both properties have been acquired.

2014		Phase II opened on 4/1/2015. The City is waiting for the completion of infrastructure improvements prior to beginning this activity.
2015		Three commercial units are under contract to be improved; one is complete (Fender's Body Shop #2, 199 Meadow) and two are in progress (Galax Taxi and Haynes). One unit (Randy's Automotive at 211 Givens) applied and was bid, but the owner was unable to provide the required match. One additional property (Stewart at 295 Shaw) is now being evaluated for possible participation.
2017		Two more businesses received facade improvement--totaling four businesses benefiting; project is completed.

2015	0	Construction is 10% right now and plan to be substantially complete by the end of September, 2016.
2017	0	Facility opened in Fall of 2016 and has been actively recruiting and serving clients since that time. Working with local primary care providers to work with patients who have retired doctors.  9/18/17 UPDATE: Conditionally closing project as center is operating and funds have been spent. Closing on the conditions that locality reports benefit data over the next 5 years to ensure they are aiming original proposed benefit. According to census data on Pulaski County, approximately 6,277 persons in the locality qualify to use this center. To date, 31 persons have come in for assistance. Beneficiary data will be updated annually based on reporting from Pulaski.  (Pulaski County is renovating a former elementary school into an Adult Daycare & Fall Prevention Center. The property and deed have been acquired. The grant manager and architecture services have been procured. The project design is complete and first round of construction has been bid.
2013	0	

2014

(Pulaski County's original project was renovation of a portion of an old facility in New Bern. Bids came in more than \$300,000 over budget while simultaneously a couple of additional issues surfaced. The grant contract amended from a renovation in New Bern to new construction in Dublin. Bids for new facility in Dublin came in \$167,978 short. County entered into negotiations with contractor. Value engineering reduced price by approx. \$15,000, non-profit (Adult Daycare) pitched in \$75,000, and the Board of Supervisors approved 27,978. For the last \$50,000, the non-profit and county agreed to borrow the money from a bank. Once that is finalized they can award a contract. The County is starting the bank loan process this morning and they should have the facility under construction by the first of November.

They are at 10% right now and plan to be substantially complete by the end of September, 2018.

2019		0Annual Report 2019-2020 Utilized Local Matching Fund (NO CORG)
2017		0Construction of 400 LF of new brick sidewalk in the downtown has been completed with the aid of the ATC at a cost in excess of \$62,650. The town is currently working on other improvements planned in conjunction with construction drawings.
2018		0EOY19: Downtown connector designs are complete with final edits being made by the civil engineer during permitting prior to bidding for construction. The necessary easement for the trail has been secured; coordination with VDOT regarding paving on main street and the addition of curb islands has yield increased project development. The Town is in construction of new sidewalks along main street, including the use of permeable pavers and planting of street trees (local match).

2020	

Annual Report 7/1/2019 to 6/30/2020: Construction is complete on the commercial kitchen (Millstone Kitchen), the brewpub (Moonbollow Brewery), and the restaurant. Millstone Kitchen opened in the summer of 2019 and hosted the "From Scratch" food-based business competition from January through March. Moonbollow Brewery opened in January 2020 and was able to stay open during COVID through a combination of curbside pickup and outdoor patio seating. Construction was completed on the restaurant shortly before business shutdowns occurred in response to COVID-19 and therefore a restaurant is still being identified.

Annual 7/1/2020 to 6/30/2021: The Old Prices Park Revitalization project finished construction on its third and final space - a Mexican restaurant in the Spring of 2021. The restaurateurs then spent several months furnishing the space, hiring staff, and coordinating with the Health Department. The restaurant was not yet open as of June 30 (but has since opened on 8/23).

---

2017	DECY narrative: Construction work began in February 2018 on the former Pines Fork Cafeteria/auditorium and kindergarten space. As of June 30 demolition was being completed. The site plan had been approved by Montgomery County and one subcontractor was on site to perform some excavation work in anticipation of structural and exterior modifications to the building. Construction will be complete in late 2018.
2018	DECY: Construction is complete on the shared use commercial kitchen and the brewpub. The kitchen (Milestone Kitchen) hired a part-time kitchen manager in January and entered into a contract with its first anchor tenant in Jun. The brewpub is expected to open in early fall. Construction will begin on the final commercial space in late August and will be complete by mid-2020.
2016	OTIS activity included the renovation of 4,290 of the former kindergarten space, and 3,850 of the former cafeteria/gymnasium space at the former Pines Fork Elementary School.

2015		Construction is 10% right now and plan to be substantially complete by the end of September, 2016.
2017		Facility opened in Fall of 2016 and has been actively recruiting and serving clients since that time. Working with local primary care providers to work with patients who have retired doctors.
2013		9/18/17 UPDATE: Conditionally closing project as center is operating and funds have been spent. Closing on the conditions that locality reports benefit data over the next 5 years to ensure they are aiming original proposed benefit. According to census data on Pulaski County, approximately 6,277 persons in the locality qualify to use this center. To date, 31 persons have come in for assistance. Beneficiary data will be updated annually based on reporting from Pulaski. (Pulaski County is renovating a former elementary school into an Adult Daycare & Fall Prevention Center. The property and deed have been acquired. The grant manager and architecture services have been procured. The project design is complete and first round of construction has been bid.

2014

(Pulaski County's original project was renovation of a portion of an old facility in New Bern. Bids came in more than \$300,000 over budget while simultaneously a couple of additional issues surfaced. The grant contract amended from a renovation in New Bern to new construction in Dublin. Bids for new facility in Dublin came in \$167,978 short. County entered into negotiations with contractor. Value engineering reduced price by approx. \$15,000, non-profit (Adult Daycare) pitched in \$75,000, and the Board of Supervisors approved 27,978. For the last \$50,000, the non-profit and county agreed to borrow the money from a bank. Once that is finalized they can award a contract. The County is starting the bank loan process this morning and they should have the facility under construction by the first of November. They are at 10% right now and plan to be substantially complete by the end of September, 2018.

2019		Annual Report 2019-2020 Utilized Local Matching Fund (NO CORG)
2017		Construction of 400 LF of new brick sidewalk in the downtown has been completed with the aid of the ATC at a cost in excess of \$62,850. The town is currently working on other improvements planned in conjunction with construction drawings.
2018		OEY19: Downtown connector designs are complete with final edits being made by the civil engineer during permitting prior to bidding for construction. The necessary easement for the trail has been secured; coordination with VDOT regarding paving on main street and the addition of curb islands has yield increased project development. The Town is in construction of new sidewalks along main street, including the use of permeable pavers and planting of street trees (local match).

Accomplishment Narrative

Year	# Benefiting
2020	

Annual Report 7/1/2019 to 6/30/2020: Construction is complete on the commercial kitchen (Millstone Kitchen), the brewpub (Moonbollow Brewery), and the restaurant. Millstone Kitchen opened in the summer of 2019 and hosted the "From Scratch" food-based business competition from January through March. Moonbollow Brewery opened in January 2020 and was able to stay open during COVID through a combination of curbside pickup and outdoor patio seating. Construction was completed on the restaurant shortly before business shutdowns occurred in response to COVID-19 and therefore a restaurant is still being identified.

Annual 7/1/2020 to 6/30/2021: The Old Prices Park Revitalization project finished construction on its third and final space - a Mexican restaurant in the Spring of 2021. The restaurateurs then spent several months furnishing the space, hiring staff, and coordinating with the Health Department. The restaurant was not yet open as of June 30 (but has since opened on 8/23).

---

2017	DECY narrative: Construction work began in February 2018 on the former Pines Fork Cafeteria/auditorium and kindergarten space. As of June 30 demolition was being completed. The site plan had been approved by Montgomery County and one subcontractor was on site to perform some excavation work in anticipation of structural and exterior modifications to the building. Construction will be complete in late 2018.
2018	DECY: Construction is complete on the shared use commercial kitchen and the brewpub. The kitchen (Milestone Kitchen) hired a part-time kitchen manager in January and entered into a contract with its first anchor tenant in Jun. The brewpub is expected to open in early fall. Construction will begin on the final commercial space in late August and will be complete by mid-2020.
2016	OTIS activity included the renovation of 4,290 of the former kindergarten space, and 3,850 of the former cafeteria/gymnasium space at the former Pines Fork Elementary School.

Accomplishment Narrative

Year	# Benefiting
2020	

Annual Report 7/1/2019 to 6/30/2020: Construction is complete on the commercial kitchen (Millstone Kitchen), the brewpub (Moonbollow Brewery), and the restaurant. Millstone Kitchen opened in the summer of 2019 and hosted the "From Scratch" food-based business competition from January through March. Moonbollow Brewery opened in January 2020 and was able to stay open during COVID through a combination of curbside pickup and outdoor patio seating. Construction was completed on the restaurant shortly before business shutdowns occurred in response to COVID-19 and therefore a restaurant is still being identified.

Annual 7/1/2020 to 6/30/2021: The Old Prices Park Revitalization project finished construction on its third and final space - a Mexican restaurant in the Spring of 2021. The restaurateurs then spent several months furnishing the space, hiring staff, and coordinating with the Health Department. The restaurant was not yet open as of June 30 (but has since opened on 8/23).

---

2017	DECY narrative: Construction work began in February 2018 on the former Pines Fork Cafeteria/auditorium and kindergarten space. As of June 30 demolition was being completed. The site plan had been approved by Montgomery County and one subcontractor was on site to perform some excavation work in anticipation of structural and exterior modifications to the building. Construction will be complete in late 2018.
2018	DECY: Construction is complete on the shared use commercial kitchen and the brewpub. The kitchen (Milestone Kitchen) hired a part-time kitchen manager in January and entered into a contract with its first anchor tenant in Jun. The brewpub is expected to open in early fall. Construction will begin on the final commercial space in late August and will be complete by mid-2020.
2016	OTIS activity included the renovation of 4,290 of the former kindergarten space, and 3,850 of the former cafeteria/gymnasium space at the former Pines Fork Elementary School.

2017 07/1/17 to 6/30/18: 8 applications have been received for substantial reconstruction and have been approved for substantial reconstruction. Three units were completed in FY17 and 4 units reconstructed in FY18.

2015 Twenty-two applications have been received for housing rehabilitation. Twelve have completed income verification and have been approved. Currently performing initial inspections and preparing WWVUs. A significant number of current applicant units appear to be unsuitable for rehabilitation and will become substantial reconstruction units.

2017		0Construction of 400 LF of new brick sidewalk in the downtown has been completed with the aid of the ATC at a cost in excess of \$62,650. The town is currently working on other improvements planned in conjunction with construction drawings.
2018		0EOY19: Downtown connector designs are complete with final edits being made by the civil engineer during permitting prior to bidding for construction. The necessary easement for the trail has been secured; coordination with VDOT regarding paving on main street and the addition of curb islands has yield increased project development. The Town is in construction of new sidewalks along main street, including the use of permeable pavers and planting of street trees (local match).

Annual Report 7/1/2019 to 6/30/2020: To combat the cancellation of several in person classes during the Summer 2020 semester due to COVID 19, MECC obtained DHCD approval to add an additional online class to the project's curricula. Thus, MECC was able to offer two online courses in spite of drastic class restructuring during the pandemic. Through press releases and four separate social media advertising campaigns in April and May 2020 MECC was able enroll a surge of students (22 LMI, 29 overall) for the Summer 2020 semester and meet the project's overall LMI beneficiary target. A total of eight UAS based class sections were taught during the reporting period, and these classes covered topics including FAA regulations, surveying, operation, assembly, and using specialized software to process images captured by UAS devices. During the reporting period, three beneficiaries attained the FAA Small Pilot License.

Annual Report 7/1/2020 to 6/30/2021: This project was designed to provide training in small, unmanned aircraft systems and sensor equipment to establish a drone-ready workforce by training 30 students, 51% of whom were to be LMI, in drone innovation courses. The project resulted in a total of 75 students participating in training during the project. Of the 75 students, 38 met LMI criteria. As of the first quarter of 2021, 41 of the 75 students were employed within the Commonwealth of Virginia.

Year	# Benefiting
2020	

Annual Report 7/1/2019 to 6/30/2020: Construction is complete on the commercial kitchen (Millstone Kitchen), the brewpub (Moonbollow Brewery), and the restaurant. Millstone Kitchen opened in the summer of 2019 and hosted the "From Scratch" food-based business competition from January through March. Moonbollow Brewery opened in January 2020 and was able to stay open during COVID through a combination of curbside pickup and outdoor patio seating. Construction was completed on the restaurant shortly before business shutdowns occurred in response to COVID-19 and therefore a restaurant is still being identified.

Annual 7/1/2020 to 6/30/2021: The Old Prices Park Revitalization project finished construction on its third and final space - a Mexican restaurant in the Spring of 2021. The restaurateurs then spent several months furnishing the space, hiring staff, and coordinating with the Health Department. The restaurant was not yet open as of June 30 (but has since opened on 8/23).

2017	DECY narrative: Construction work began in February 2018 on the former Pines Fork Cafeteria/auditorium and kindergarten space. As of June 30 demolition was being completed. The site plan had been approved by Montgomery County and one subcontractor was on site to perform some excavation work in anticipation of structural and exterior modifications to the building. Construction will be complete in late 2018.
2018	DECY: Construction is complete on the shared use commercial kitchen and the brewpub. The kitchen (Milestone Kitchen) hired a part-time kitchen manager in January and entered into a contract with its first anchor tenant in Jun. The brewpub is expected to open in early fall. Construction will begin on the final commercial space in late August and will be complete by mid-2020.
2016	OTIS activity included the renovation of 4,290 of the former kindergarten space, and 3,850 of the former cafeteria/gymnasium space at the former Pines Fork Elementary School.

Accomplishment Narrative

Year	# Benefiting
2020	

Annual Report 7/1/2019 to 6/30/2020: Construction is complete on the commercial kitchen (Millstone Kitchen), the brewpub (Moonbollow Brewery), and the restaurant. Millstone Kitchen opened in the summer of 2019 and hosted the "From Scratch" food-based business competition from January through March. Moonbollow Brewery opened in January 2020 and was able to stay open during COVID through a combination of curbside pickup and outdoor patio seating. Construction was completed on the restaurant shortly before business shutdowns occurred in response to COVID-19 and therefore a restaurant is still being identified.

Annual 7/1/2020 to 6/30/2021: The Old Prices Park Revitalization project finished construction on its third and final space - a Mexican restaurant in the Spring of 2021. The restaurateurs then spent several months furnishing the space, hiring staff, and coordinating with the Health Department. The restaurant was not yet open as of June 30 (but has since opened on 8/23).

---

2017	DECY narrative: Construction work began in February 2018 on the former Pines Fork Cafeteria/auditorium and kindergarten space. As of June 30 demolition was being completed. The site plan had been approved by Montgomery County and one subcontractor was on site to perform some excavation work in anticipation of structural and exterior modifications to the building. Construction will be complete in late 2018.
2018	DECY: Construction is complete on the shared use commercial kitchen and the brewpub. The kitchen (Milestone Kitchen) hired a part-time kitchen manager in January and entered into a contract with its first anchor tenant in Jun. The brewpub is expected to open in early fall. Construction will begin on the final commercial space in late August and will be complete by mid-2020.
2016	OTIS activity included the renovation of 4,290 of the former kindergarten space, and 3,850 of the former cafeteria/gymnasium space at the former Pines Fork Elementary School.

2017		Annual narrative 8/22/18: The plans for the farmers market have been completed. However the demolition of downtown buildings have been delayed by DHR as with the street improvements. Bids have been advertised and a response is due in August 23, 2018.
2020		Annual report 7/1/2019 to 6/30/2020: Funding to build the structure has been secured. Bid documents were completed and the project was bid out in September 2019, but all bids exceeded the budgeted amount, which triggered the Town's request for force account on the remaining site work.
2018		Annual Report 7/1/2020 to 6/30/2021: No farmers market activities during the reporting period. OEY2019: Bid documents for site work has been prepared and project will be advertised on September 1 2019.

Annual Report 7/1/2019 to 6/30/2020: To combat the cancellation of several in person classes during the Summer 2020 semester due to COVID 19, MECC obtained DHCD approval to add an additional online class to the project's curricula. Thus, MECC was able to offer two online courses in spite of drastic class restructuring during the pandemic. Through press releases and four separate social media advertising campaigns in April and May 2020 MECC was able enroll a surge of students (22 LMI, 29 overall) for the Summer 2020 semester and meet the project's overall LMI beneficiary target. A total of eight UAS based class sections were taught during the reporting period, and these classes covered topics including FAA regulations, surveying, operation, assembly, and using specialized software to process images captured by UAS devices. During the reporting period, three beneficiaries attained the FAA Small Pilot License.

Annual Report 7/1/2020 to 6/30/2021: This project was designed to provide training in small, unmanned aircraft systems and sensor equipment to establish a drone-ready workforce by training 30 students, 51% of whom were to be LMI, in drone innovation courses. The project resulted in a total of 75 students participating in training during the project. Of the 75 students, 38 met LMI criteria. As of the first quarter of 2021, 41 of the 75 students were employed within the Commonwealth of Virginia.

2020	

Annual Report 7/1/2019 to 6/30/2020: Construction is complete on the commercial kitchen (Millstone Kitchen), the brewpub (Moonbollow Brewery), and the restaurant. Millstone Kitchen opened in the summer of 2019 and hosted the "From Scratch" food-based business competition from January through March. Moonbollow Brewery opened in January 2020 and was able to stay open during COVID through a combination of curbside pickup and outdoor patio seating. Construction was completed on the restaurant shortly before business shutdowns occurred in response to COVID-19 and therefore a restaurant is still being identified.

Annual 7/1/2020 to 6/30/2021: The Old Prices Park Revitalization project finished construction on its third and final space - a Mexican restaurant in the Spring of 2021. The restaurateurs then spent several months furnishing the space, hiring staff, and coordinating with the Health Department. The restaurant was not yet open as of June 30 (but has since opened on 8/23).

---

2017	DECY narrative: Construction work began in February 2018 on the former Pines Fork Cafeteria/auditorium and kindergarten space. As of June 30 demolition was being completed. The site plan had been approved by Montgomery County and one subcontractor was on site to perform some excavation work in anticipation of structural and exterior modifications to the building. Construction will be complete in late 2018.
2018	DECY: Construction is complete on the shared use commercial kitchen and the brewpub. The kitchen (Milestone Kitchen) hired a part-time kitchen manager in January and entered into a contract with its first anchor tenant in Jun. The brewpub is expected to open in early fall. Construction will begin on the final commercial space in late August and will be complete by mid-2020.
2016	OTIS activity included the renovation of 4,290 of the former kindergarten space, and 3,850 of the former cafeteria/gymnasium space at the former Pines Fork Elementary School.

National Objective:

Description:

King George County is well-positioned in between two major Metropolitan Statistical areas in Washington, D.C. and Richmond, Virginia.

Though still very rural in nature the County and Board of Supervisors along with its citizens have started to lay the groundwork and plan to create a mentality and culture of healthy sustained growth.

It is critical to give affordable access to broadband as there are many people who work from home and start businesses out of there home.

This is evident from the statistics provided in the application as out of 128 new business licenses issued in 2016 only 17 were bricks and mortar operations.

This planning grant would work simultaneously with a strategic economic development plan that the Board and Economic Development Authority will begin working on in late 2017.

The County would use this broadband plan to couple with their strategic economic development plan.

2019	0	Annual Report 2019-2020 Utilized Local Matching Fund (NO CORG)
2017	0	Construction of 400 LF of new brick sidewalk in the downtown has been completed with the aid of the ATC at a cost in excess of \$62,650. The town is currently working on other improvements planned in conjunction with construction drawings.
2018	0	OEY19: Downtown connector designs are complete with final edits being made by the civil engineer during permitting prior to bidding for construction. The necessary easement for the trail has been secured; coordination with VDOT regarding paving on main street and the addition of curb islands has yield increased project development. The Town is in construction of new sidewalks along main street, including the use of permeable pavers and planting of street trees (local match).

Annual Report 7/1/2019 to 6/30/2020: One investor owner apartment was rehabilitated by June 30, 2020  
 OEY2019: Among the 5 rehabs # have dropped out, two at 102 Main st because additional income verification information was needed but the owner and tenants would not provide the needed information and the owner chose to drop out. Two because the owner of 167 Ford was being required to complete all exterior repairs before the rehabs could be done and he has not completed them. Also the rehab cost of the downstairs unit was estimated to be very high and the owner thought they could do it more cheaply. At 151 Ford, one unit is still potentially going to be done. At 151 another gutter unit was to be done as a relocation resource; but again the same owner said he could do it more cheaply.

2018

07/17-6/30/18 update: Reconstructor Activity is under contract to serve a family of 2. Upon required approvals, housing construction began May 2018. As of the date of this report the SR is 50% complete.  
7/1/18 to 6/30/19 EOD

2019

During the course of the project 2 applications that qualified for Substantial Reconstructors activities. Each of these projects demonstrated an initial willingness to participate and were approved to move forward with finalization of housing activities plans by the Housing board. Subsequent to one applications approval the beneficiary was incarcerated. The second applicant decide that the 10 year lien was not in their best interest, despite repeated efforts from community and family and friends to show how the program would benefit. If these 2 projects materialized in project activities, the program would have exceeded the proposed benefits.

Annual Report 7/1/2019 to 6/30/2020: To combat the cancellation of several in person classes during the Summer 2020 semester due to COVID 19, MECC obtained DHCD approval to add an additional online class to the project's curricula. Thus, MECC was able to offer two online courses in spite of drastic class restructuring during the pandemic. Through press releases and four separate social media advertising campaigns in April and May 2020 MECC was able enroll a surge of students (22 LMI, 29 overall) for the Summer 2020 semester and meet the project's overall LMI beneficiary target. A total of eight UAS based class sections were taught during the reporting period, and these classes covered topics including FAA regulations, surveying, operation, assembly, and using specialized software to process images captured by UAS devices. During the reporting period, three beneficiaries attained the FAA Small Pilot License.

Annual Report 7/1/2020 to 6/30/2021: This project was designed to provide training in small, unmanned aircraft systems and sensor equipment to establish a drone-ready workforce by training 30 students; 51% of whom were to be LMI, in drone innovation courses. The project resulted in a total of 75 students participating in training during the project. Of the 75 students, 38 met LMI criteria. As of the first quarter of 2021, 41 of the 75 students were employed within the Commonwealth of Virginia.

2020	

Annual Report 7/1/2019 to 6/30/2020: Construction is complete on the commercial kitchen (Millstone Kitchen), the brewpub (Moonbollow Brewery), and the restaurant. Millstone Kitchen opened in the summer of 2019 and hosted the "From Scratch" food-based business competition from January through March. Moonbollow Brewery opened in January 2020 and was able to stay open during COVID through a combination of curbside pickup and outdoor patio seating. Construction was completed on the restaurant shortly before business shutdowns occurred in response to COVID-19 and therefore a restaurant is still being identified.

Annual 7/1/2020 to 6/30/2021: The Old Prices Park Revitalization project finished construction on its third and final space - a Mexican restaurant in the Spring of 2021. The restaurateurs then spent several months furnishing the space, hiring staff, and coordinating with the Health Department. The restaurant was not yet open as of June 30 (but has since opened on 8/23).

---

2017	DECY narrative: Construction work began in February 2018 on the former Pines Fork Cafeteria/auditorium and kindergarten space. As of June 30 demolition was being completed. The site plan had been approved by Montgomery County and one subcontractor was on site to perform some excavation work in anticipation of structural and exterior modifications to the building. Construction will be complete in late 2018.
2018	DECY: Construction is complete on the shared use commercial kitchen and the brewpub. The kitchen (Milestone Kitchen) hired a part-time kitchen manager in January and entered into a contract with its first anchor tenant in Jun. The brewpub is expected to open in early fall. Construction will begin on the final commercial space in late August and will be complete by mid-2020.
2016	OTIS activity included the renovation of 4,290 of the former kindergarten space, and 3,850 of the former cafeteria/gymnasium space at the former Pines Fork Elementary School.

Annual Report 7/1/2019 to 6/30/2020: No units have been substantially reconstructed this reporting period.

2019

OEOY: No units have been substantially reconstructed this fiscal year. The County just got under contract March 4, 2019. Two (2) of three (3) proposed units submitted applications. Neither of the two (2) homes slated for substantial reconstruction were ready to move forward with construction by July 1 2019. They will hopefully be served in 2020. The occupant in the third unit moved out of state, and a new occupant lives in the home.

Annual Report 7/1/2019 to 6/30/2020: The project was in the design phase during this reporting period, with designs under review by property owners for 4 buildings (unit 7 facades), prior to submission to DHR for review under the terms of a Programmatic Agreement. To date, owners of 118 MacArthur Lane, 100 Monroe Street, 112-114 Monroe Street, and 212 Main Street are likely to participate, though no contracts have been finalized. Designs are complete for 116 and 118 Monroe Street as well to address lighting issues. If all of these owners receive assistance, they represent 4 existing businesses and 3 vacant storefronts. Town staff continue outreach to other prospective participants in the project area.

Annual report 7/1/2020 to 6/30/2021: The facade design package was complete in November 2020 and the original invitation to bid was released in December. Unfortunately no bids were received and the facade package is currently being rebid in the upcoming reporting period. Nearly a half-dozen contractors participated in the August pre-bid meeting and the project management team is hopeful about the possibility of multiple bids.

Annual Report 7/1/2019 to 6/30/2020: The project is in the design phase prior to construction during this reporting period, with 90% complete designs awaiting final regulatory approval (VDOT, DEQ). The street improvements in the bid package include: improvements to parking lot between 100 and 112 Monroe Street (20+ spaces); parking lot and public space improvements to lot surrounding Farmer's Market (approx. 0.5 acre); realigning crosswalk across Monroe Street to connect Farmer's market to parking lot; realignment of alleyway in the rear of 112-134 Monroe Street (300 ft); and; additional parking (10 spaces)/access road at 134 Monroe Street as part of the Wolf Creek Outlitters Project.

Annual Report 7/1/2020 to 6/30/2021: In December 2020 the first invitation to bid was advertised. One bid was received and the contractor was officially under contract in May 2021. Some preliminary survey work was conducted; however, as of June 30, 2021, construction was not initiated. Sidewalk construction has progressed steadily, early in the upcoming reporting period. Once complete, the project is anticipated to impact 636 people, who live in Census Block Group 4, Giles County, Virginia. The median household income in Narrows is \$50,655. The project will also provide direct benefit to 11% of minority populations. Data is available online here: <https://censusreporter.org/profiles/1500005510719204004-block-group-4-giles-va/>

Annual Report 7/1/2019 to 6/30/2020: This report indicates information regarding the current 12 VIDA savers enrolled for homeownership (12 savers/3 married couples/9 households). During this annual reporting period 1 VIDA saver has purchased a home using their VIDA funds as a down payment and graduated the VIDA Program. There are 2 VIDA savers currently getting ready to close on their home purchase in September 2020 but that statistic is not represented in this report (exceeds the reporting period). The remaining 11 VIDA savers enrolled for homeownership are all saving money for the home purchasing process, meeting financial literacy training requirements, working on credit repair, and will purchase a home by June 1, 2021.

Annual report 7/1/2020 to 6/30/2021: During this reporting period 11 savers were enrolled in the VIDA Program for homeownership and 3 VIDA savers purchased a home (11 savers/2 married couples accounted for 3 households/5 nonmarried individuals accounted for 5 households/8 total households) (4 savers in total throughout the entire program purchased a home using VIDA so far). Last reporting period we had 12 savers enrolled for homeownership (1 graduated leaving 11 for this reporting period) however due to the economic impact of COVID 19, and the current real estate market, several savers dropped out of the program, switched over to business ownership, or switched over to the Statewide VIDA Program for homeownership (2 savers went over to Statewide to give them more time since this grant ends this year and these 2 savers are extremely close to being able to purchase their first home). Final results for this reporting period include 3 savers successfully graduated and purchased their first home, 11 savers all successfully completed financial literacy training and housing counseling, 4 savers switched to business ownership, 2 savers dropped out of the program, and 2 savers rolled into the Statewide VIDA Program for homeownership leaving 4 open slots (the 4 open slots were filled with new applicants for business ownership but this report reflects the 11 original savers that were enrolled for homeownership).

2020

Annual Report 7/1/2019 to 6/30/2020: This report indicates information regarding the current 25 VIDA savers enrolled for business that are working to create or retain 25 jobs (25 jobs but the total number of businesses created or retained is 21 as there are 8 savers that are 4 married couples that are enrolled and working to achieve assets together for 4 businesses rather than 8 separate businesses; 17 VIDA savers are independently creating or retaining businesses/jobs through the VIDA Program) (25 VIDA savers/21 households). There are 7 VIDA savers, out of the 25 enrolled for business, that have spent their VIDA funds and have graduated from the program during this annual reporting period. The remaining 18 VIDA savers enrolled for business will graduate the VIDA Program by June 1, 2021.

7/1/2020 to 6/30/2021 Annual Report: At the beginning of this reporting period there were 16 VIDA savers enrolled for business and set to graduate the VIDA Program by June 1, 2021. However due to the economic impact of COVID-19, this grant was extended by DHCD until December 31, 2021, several homebuyers switched over to business ownership, 4 new applicants came into the program to fill open slots from those that had to withdraw, and we had 15 VIDA savers graduate during this reporting period (25 total have graduated so far during this program for business ownership). We have 11 VIDA savers still enrolled in the program for business ownership with the goal to have all 11 graduate by the end of December 2021. This report describes the 15 savers that graduated during this reporting period plus the 11 savers that are still enrolled (26 VIDA savers/20 households) (side note: 5 of these 11 just recently graduated and so there are actually only 6 savers remaining in the program).

Annual Report 7/1/2019 to 6/30/2020: During this reporting period, the Town used grant funds to reimburse the owner of two buildings in the project area for costs related to facade improvements (3 facades) undertaken as part of a larger redevelopment project, which converted two vacant, blighted buildings into 4 upper-story apartment units and 2 commercial storefronts (one hosts a new 'virtual reality' entertainment business). Additionally, the Town was finalizing negotiations with a contractor and building owners to complete facade repairs for an additional five buildings (3 owners), which will repair/remove blight from an additional 8 facades. As of the end of the reporting period, designs were under development for facade repairs on an additional 3 buildings, and an additional 2 building owners have reached out to participate.

2020

Annual Report 7/1/2019 to 6/30/2020: During this reporting period, the Town selected a contractor to complete the project's public space and street improvement activities, and construction work began in early 2020. The construction contract includes several elements: a 3,000 sq ft pocket park on Main Street, with pavings, plantings, furnishings and electrical bollards on the site of a demolished building; alleyway pavement repairs and planting of screening bushes along Peak Creek walkway/creek wall (approx. 400 ft - this was a volunteer project); and installation of poles and string lighting in two alleyways adjacent to the creek walk (140 ft. each). Construction was underway on all elements by the end of the reporting period, with final completion awaiting delivery of furnishings and metal gateway from suppliers.

Annual Report 7/1/2020 to 6/30/2021: August 20, 2020, the Town of Pileaski Architectural Review Board met to review requests for façade enhancements at 10, 14, and 31 West Main Street. All three façade requests were approved; after adequate discussion and clarification was provided. Bid package prepared for 14, 28, 37, and 59-61 West Main. Façade improvements were complete at four (4) buildings, including: 57, 69, 76, and 84 West Main. The façade improvements significantly helped the exteriors of 57 and 69; however, significant investment on the interior space is still needed. 76 West lost its original tenant during the pandemic; however, a new business is now in that space. 84 West is in great shape on both the interior and exterior; both the Town and property owner are actively showing the space and hoping to attract a new tenant soon.

2020	

Annual Report 7/1/2019 to 6/30/2020: Staff successfully coordinated 19 property owners to participate in the faÁÁade improvement program. Although no faÁÁade improvements have been completed, we anticipate to solicit bidding from contractors in Winter of 2020, the commencement of construction will be dependent on COVID-19 restrictions and staying compliant within these regulations. Staff collaborated with property owners to supply a 1:1 match totaling \$148,300. The town appointed faÁÁade Advisory Board approved the budget for each property owner and the architect (Hill Studio) was able to finalize their faÁÁade improvement designs. Staff is currently working with property owners to agree with the faÁÁade designs provided by Hill Studio and will move forward with submitting these designs to the Virginia Department of Historic Resources for review.

2017		OBid opening was held on 12/13/2016 with the notice of award sent to the contractor on 1/4/2017. The notice to proceed was issued on 3/27/2017 and contractor began construction on 4/17/17. To date 3,969LF of 8-inch gravity sewer line has been installed.
2018		7/1/17 to 6/30/18 Annual Accomplishment Narrative: Made public sewer service available to 40 households (approximately 119 persons, 82 of which were LMI) of which 69% Low to Moderate income. Provided 9,803 linear feet of sewer line and 55 manholes. Completed June 1, 2018. EOY2019: made public sewer available to 49 households/119 persons, 92 of which were LMI of which 69% were low to moderate income. Provided 93800 LF of sewer line and 56 manholes.
2015		Per closeout report - reason benefit was not met: this project area was primarily composed of rental properties primarily with "short term" or "no lease" tenants. During the period this project took place, there was substantial turnover in residency, causing occupancy to fluctuate. Preliminary plans and specs are being prepared and getting ready for regulatory approval.

2019	0	Annual Report 2019-2020 Utilized Local Matching Fund (NO CORG)
2017	0	Construction of 400 LF of new brick sidewalk in the downtown has been completed with the aid of the ATC at a cost in excess of \$62,650. The town is currently working on other improvements planned in conjunction with construction drawings.
2018	0	OEY19: Downtown connector designs are complete with final edits being made by the civil engineer during permitting prior to bidding for construction. The necessary easement for the trail has been secured; coordination with VDOT regarding paving on main street and the addition of curb islands has yield increased project development. The Town is in construction of new sidewalks along main street, including the use of permeable pavers and planting of street trees (local match).

2020	

Annual Report 7/1/2019 to 6/30/2020: Construction is complete on the commercial kitchen (Millstone Kitchen), the brewpub (Moonbollow Brewery), and the restaurant. Millstone Kitchen opened in the summer of 2019 and hosted the "From Scratch" food-based business competition from January through March. Moonbollow Brewery opened in January 2020 and was able to stay open during COVID through a combination of curbside pickup and outdoor patio seating. Construction was completed on the restaurant shortly before business shutdowns occurred in response to COVID-19 and therefore a restaurant is still being identified.

Annual 7/1/2020 to 6/30/2021: The Old Prices Park Revitalization project finished construction on its third and final space - a Mexican restaurant in the Spring of 2021. The restaurateurs then spent several months furnishing the space, hiring staff, and coordinating with the Health Department. The restaurant was not yet open as of June 30 (but has since opened on 8/23).

---

2017	DECY narrative: Construction work began in February 2018 on the former Pines Fork Cafeteria/auditorium and kindergarten space. As of June 30 demolition was being completed. The site plan had been approved by Montgomery County and one subcontractor was on site to perform some excavation work in anticipation of structural and exterior modifications to the building. Construction will be complete in late 2018.
2018	DECY: Construction is complete on the shared use commercial kitchen and the brewpub. The kitchen (Milestone Kitchen) hired a part-time kitchen manager in January and entered into a contract with its first anchor tenant in Jun. The brewpub is expected to open in early fall. Construction will begin on the final commercial space in late August and will be complete by mid-2020.
2016	OTIS activity included the renovation of 4,290 of the former kindergarten space, and 3,850 of the former cafeteria/gymnasium space at the former Pines Fork Elementary School.

Annual Report 7/1/2019 to 6/30/2020: This report indicates information regarding the current 12 VIDA savers enrolled for homeownership (12 savers/3 married couples/9 households). During this annual reporting period 1 VIDA saver has purchased a home using their VIDA funds as a down payment and graduated the VIDA Program. There are 2 VIDA savers currently getting ready to close on their home purchase in September 2020 but that statistic is not represented in this report (exceeds the reporting period). The remaining 11 VIDA savers enrolled for homeownership are all saving money for the home purchasing process, meeting financial literacy training requirements, working on credit repair, and will purchase a home by June 1, 2021.

Annual report 7/1/2020 to 6/30/2021: During this reporting period 11 savers were enrolled in the VIDA Program for homeownership and 3 VIDA savers purchased a home (11 savers/2 married couples accounted for 3 households/5 nonmarried individuals accounted for 5 households/8 total households) (4 savers in total throughout the entire program purchased a home using VIDA so far). Last reporting period we had 12 savers enrolled for homeownership (1 graduated leaving 11 for this reporting period) however due to the economic impact of COVID 19, and the current real estate market, several savers dropped out of the program, switched over to business ownership, or switched over to the Statewide VIDA Program for homeownership (2 savers went over to Statewide to give them more time since this grant ends this year and these 2 savers are extremely close to being able to purchase their first home). Final results for this reporting period include 3 savers successfully graduated and purchased their first home, 11 savers all successfully completed financial literacy training and housing counseling, 4 savers switched to business ownership, 2 savers dropped out of the program, and 2 savers rolled into the Statewide VIDA Program for homeownership leaving 4 open slots (the 4 open slots were filled with new applicants for business ownership but this report reflects the 11 original savers that were enrolled for homeownership).

Annual Report 7/1/2019 to 6/30/2020: This report indicates information regarding the current 25 VIDA savers enrolled for business that are working to create or retain 25 jobs (25 jobs but the total number of businesses created or retained is 21 as there are 8 savers that are 4 married couples that are enrolled and working to achieve assets together for 4 businesses rather than 8 separate businesses; 17 VIDA savers are independently creating or retaining businesses/jobs through the VIDA Program) (25 VIDA savers/21 households). There are 7 VIDA savers, out of the 25 enrolled for business, that have spent their VIDA funds and have graduated from the program during this annual reporting period. The remaining 18 VIDA savers enrolled for business will graduate the VIDA Program by June 1, 2021.

7/1/2020 to 6/30/2021 Annual Report: At the beginning of this reporting period there were 16 VIDA savers enrolled for business and set to graduate the VIDA Program by June 1, 2021. However due to the economic impact of COVID-19, this grant was extended by DHCD until December 31, 2021, several homebuyers switched over to business ownership, 4 new applicants came into the program to fill open slots from those that had to withdraw, and we had 15 VIDA savers graduate during this reporting period (25 total have graduated so far during this program for business ownership). We have 11 VIDA savers still enrolled in the program for business ownership with the goal to have all 11 graduate by the end of December 2021. This report describes the 15 savers that graduated during this reporting period plus the 11 savers that are still enrolled (26 VIDA savers/20 households) (side note: 5 of these 11 just recently graduated and so there are actually only 6 savers remaining in the program).
