The Virginia Department of Housing and Community Development (DHCD) owns and operates the Centralized Application and Management System (CAMS). DHCD administers programs using CAMS to release applications, collaborate with grantee organizations, and manage projects. The CAMS User Guide is designed to be a self-service resource for users when operating the platform. It is updated periodically to reflect system updates and feedback from applicants and grantees

Use the Quick Links button in the upper-right corner, the Table of Contents, or *linked section references* to easily navigate through the document. Download the Guide, instead of using the Chrome PDF viewer, to utilize additional features like the "Search User Guide" option in the Quick Links drop down menu and the "Last Viewed Page" back arrow in the lower left corner. If you have questions about this guide or using CAMS, contact the CAMS Help Desk at CAMSHelp@dhcd.virginia.gov.

Best Practices

Browser

[Google Chrome](#) is the recommended browser for CAMS.

Users

CAMS is designed for use by organizations, not individuals. Only organizations are permitted to register for CAMS profiles and submit applications for funding. Both organizations and individuals can use the [DHCD website](#) to research programs offered by DHCD, but individuals in search of assistance are encouraged to contact [2-1-1 Virginia](#) to be immediately connected with available community services.

Organization Profile

Organizations are strongly encouraged to keep their organization profile and staff list up to date - even if the organization is not managing any active projects. This ensures that organization has access to its CAMS profile in the event of staff turnover or the need to quickly submit an application for funding.

Frequently Asked Questions (FAQs)

Applications

- Do I have to make separate applications for each program?
 - Yes.
- I found a program for which I want to apply. Where is the Apply button?
 - You must be logged in under an organization profile to apply. (If you do not have an organization profile, submit a [registration request](#).) Click **Apply** in the navigation bar at the top of the page. Any programs with an open application for which your organization is eligible, based on the selected Organization and Activity Type(s), appear on this page. Visit the [DHCD website](#) to research programs and their submission dates.
- Why can't I apply for certain programs?
 - Users can view all programs from the Program Search page, but individual program applications may be limited to certain Organization and Activity Type(s).

Registration

- I submitted a registration request for a CAMS profile. When will I receive my login information?
 - DHCD reviews requests according to the order in which they are received and notifies organizations of approval or denial within five business days. The approval of a registration request creates a CAMS profile for the organization by which it can apply for funding.
- I have multiple programs in my agency/organization. Do I need to set up a new profile for every program?
 - No, only one profile is needed.

Organization Staff and Roles

- The person assigned to a project has recently left the organization. How can I designate a new contact?
 - The Profile Manager or Organization Head can make this change by logging in to CAMS and selecting the Project Roles page from the Manage drop down menu in the navigation bar at the top of the page. Assigning a backup Profile Manager is encouraged in the event that the main Profile Manager is absent.
- My organization often works with consultants and other partners to develop applications and implement projects. Can I share my login information with them so they can have access?
 - No, do not share your login information with anyone. User accounts under CAMS organization profiles are intended for use by a single individual. You are responsible for any actions taken through your user account. The Profile Manager or Organization Head can add users with the primary or project role of Consultant.

CAMS is designed for anyone to explore the details of DHCD programs without a Login ID and password. To apply for funding, however, a CAMS organization profile must be requested and approved. Once approved, login information is emailed to the Profile Manager and the Organization Head who can then create user profiles for additional staff. See *Registration* and *Staff*. The Program Search page is available from the navigation bar at the top of the login page or upon logging in.

Follow the steps below to search DHCD programs:

1. Click **Program Search** in the navigation bar at the top of the home page.

2. Use one of three exclusive filter options to search.

- By Program Name: Select a program or search "All Programs."
 - If one program was selected from the dropdown menu, only details for that program appear.
- By Eligible Org Type: Select all that apply to your organization.
- By Activity Type: Select all that apply to your organization.
 - If eligible organizations/activities were checked, all programs with at least one of the selected criteria appear.

Anyone can search/view all programs, but only organizations with registered profiles can apply for those that align with their selected Organization and Activity Type(s).
The Profile Manager or Organization Head can change the Org/Activity selection at any time from the Manage Organization page.

3. Click **Go**.

4. Any of the three filters will return an alphabetical list of programs that meet the selected criteria.

ARC Access Road 2020

The ARC Access Road program is primarily intended to serve industrial and commercial areas by facilitating economic development projects tied to measurable, tangible outcomes. Access Road funds may be used for preliminary engineering, right-of-way and/or the initial construction. ARC funds are generally not available for resurfacing / rehabilitation, upgrading and/or safety improvements on roads. All potential applicants must contact DHCD prior to any submission.

More information can be found at: <https://www.dhcd.virginia.gov/arc> .

Application Start Date: 7/1/2019 End Date: 6/30/2020

Eligible Organization Type: Localities, Nonprofit Organization, Planning District Commission

Eligible Activity Type: Community Development, Economic Development, Infrastructure

Additional Information: [VDOT Access Road Guidelines](#)

An organization must submit a registration request to be reviewed by DHCD. DHCD reviews requests according to the order in which they are received and notifies organizations of approval or denial within five business days. The approval of a registration request creates a CAMS profile for the organization by which it can apply for funding.

Follow the steps below to submit a registration request for your organization:

1. Click **Registration** in the navigation bar at the top of the home page.

2. Complete the CAMS Organization Registration webform.

a) Organization Primary Profile Manager/Contact (Profile Manager)

- The Profile Manager receives email notifications and must keep the organization profile and staff list up to date.

CAMS Organization Registration

Thank you for submitting a request for a CAMS organization profile. It will be reviewed and a response sent to you within the next five business days.

If the FEIN and/or DUNS number are already in use by another organization, the message to the right will appear after clicking Submit. Email CAMSHelp@dhcd.virginia.gov to find out if the profile is in use and by whom.

devhome says

The FEIN and/or DUNS number entered already exists in CAMS. CAMS organizational profile registration is limited to one registration per organization. Please verify the FEIN and DUNS numbers entered. Contact CAMS HELP MAIL BOX if you need further assistance.

5. The Profile Manager and Organization Head receive the following email from CAMSProfileRequests@dhcd.virginia.gov confirming submission of the request:

Thank you for requesting a CAMS profile for your organization. Your request will be reviewed and a response sent to you within five business days.

The following instructions assume that the user has been added to a CAMS organization profile by an authorized staff person. Contact the CAMS Profile Manager for your organization to be added to the organization's staff list in CAMS. For instructions on adding staff, see *Staff*. If your organization does not have a profile in CAMS, see *Registration*.

Once added, users receive an email from noreply@dhcd.virginia.gov indicating their new password and the person who granted their access, see example to right.

Your Profile Manager, John Doe, has created a CAMS account for you. Please contact this person for further instructions.

Program Search Registration Login User Guide

Welcome to the Virginia Department of Housing and Community Development's Centralized Application and Management System!

Use the navigation bar at the top of the page to search programs without a login (Program Search) or request a profile for your organization (Registration).

If your organization has a CAMS profile, log in using your email and password below.

E-mail*:

[Forgot Password](#)

Any user that has a valid email address associated with their CAMS account can use the Forgot Password link on the home page to retrieve their password.

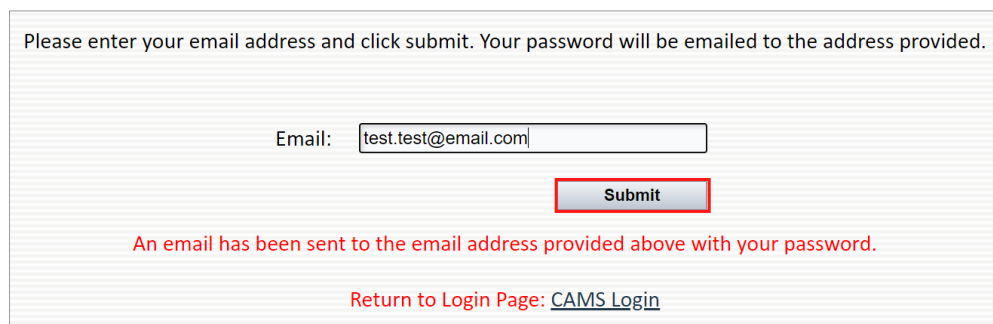

Follow the steps below to retrieve a forgotten password:

1. Click **Forgot Password**.

The screenshot shows the DHCD CAMS home page. At the top, there is a navigation bar with links for Program Search, Registration, Login, and User Guide. Below the navigation bar, a welcome message reads: "Welcome to the Virginia Department of Housing and Community Development's Centralized Application and Management System!". A message below that says: "Use the navigation bar at the top of the page to search programs without a login (Program Search) or request a profile for your organization (Registration). If your organization has a CAMS profile, log in using your email and password below." There are two input fields for "E-mail*" and "Password*", followed by a "Log In" button. A red box highlights the "Forgot Password" link at the bottom right of the page.

2. Enter the email address associated with your CAMS account.

The screenshot shows a form for requesting a password reset. It contains the text: "Please enter your email address and click submit. Your password will be emailed to the address provided." Below this is an "Email:" label and an input field containing "test.test@email.com". A red box highlights the "Submit" button. Below the form, a red message states: "An email has been sent to the email address provided above with your password." At the bottom, there is a link: "Return to Login Page: [CAMS Login](#)".

3. Click **Submit**.

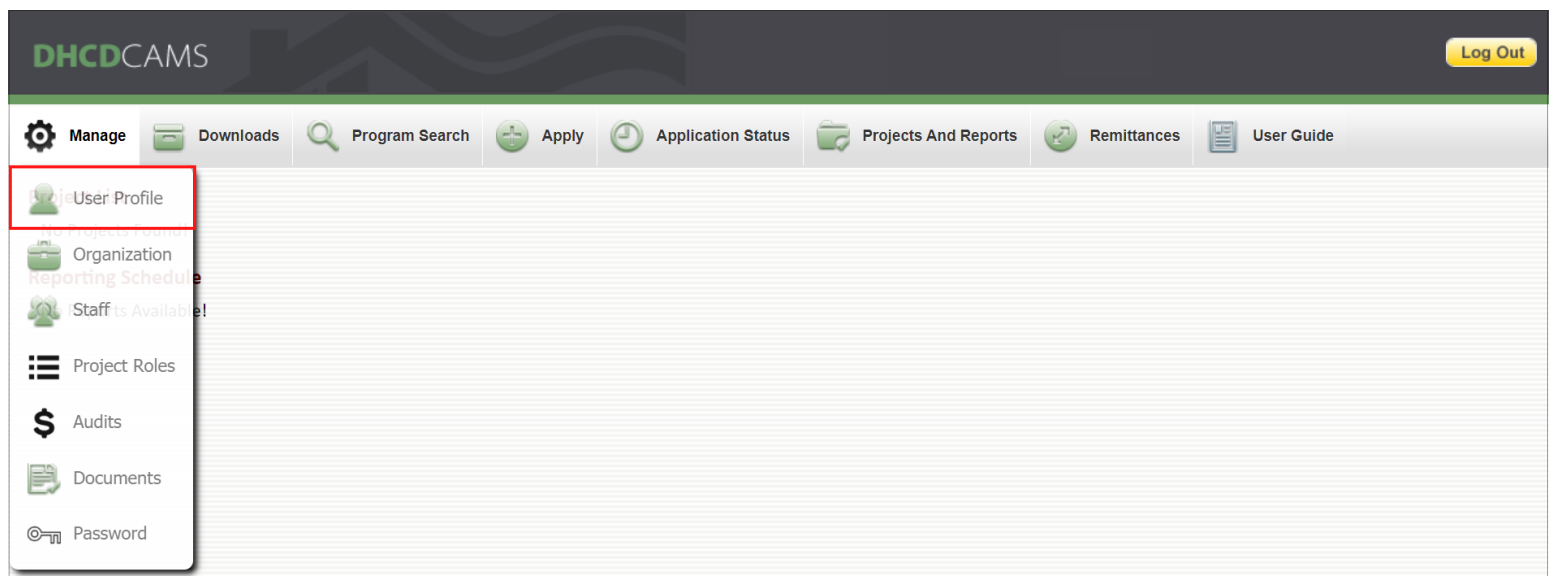

4. An email is sent from noreply@dhcd.virginia.gov containing your password, see example below.

Per your request, your DHCD CAMS password is **Example01**. If you did not submit a forgotten password request, please disregard this email.

Only the user can make changes to the information on their User Profile page, however users with the Profile Manager/Organization Head primary role can make changes to the same staff information from the Manage Staff page.

Follow the steps below to manage your user profile:

1. Login to CAMS.
2. Click **Manage** in the navigation bar at the top of the page.
3. Select **User Profile** from the dropdown menu.

4. Add/edit user profile information.
5. Click **Update** to save changes.

A user can change all profile information from this page except their Staff Role.

Staff Roles can only be changed by the Profile Manager/Organization Head from the Manage Staff page.

5. Click **Save**.

Only users with the Profile Manager/Organization Head primary role can edit the Manage Staff page. Therefore, the Profile Manager/Organization Head MUST keep the staff list up to date by adding or removing staff members and revising staff information and primary roles when needed. The Profile Manager/Organization Head must assign a primary role when adding new users to the organization staff list and giving them access to CAMS. The primary role determines the user's access to all organization and project pages in CAMS. Access to specific projects can be delegated by assigning the user a project role, see *Project Roles*. For an explanation of primary and project role access, see *Role Explanations*.

Follow the steps below to manage organization staff:

1. Login to CAMS.
2. Click **Manage** in the navigation bar at the top of the page.
3. Select **Staff** from the dropdown menu.

At a minimum, each organization should have two users assigned as Profile Managers.

Add New Staff

Manage Staff

Only the Profile Manager or Organization Head may grant individual users access to CAMS by assigning them a Primary Role. Please see [Security Access by Role](#) for a description of each Primary Role's level of access.

For users that should only have access to a specific project, enter Organization Review for their Primary Role here. The Profile Manager or Organization Head can grant these users project-specific access from the [Project Roles](#) page.

CAMS Primary Role*: 

1. Complete the required fields: Name, Email, Title, Work Phone, and CAMS Primary Role.
2. Click **Add**.
3. Newly added users receive an email indicating their new password and the person who granted their access, see *Login*.

The user can add and edit the information in the required fields - except CAMS Primary Role - from the User Profile page after their first login, see *User Profile*.

Click the information symbol beside the CAMS Primary Role field to view role descriptions and permissions or see *Role Explanations*.

Edit Existing Staff

The email associated with a staff member's profile is their login ID and where their password is sent if forgotten. Staff email addresses must be kept up to date - especially if an organization changes the format of their email addresses - so staff continue to receive notifications and are able to retrieve forgotten passwords.

Manage Staff

Only the Profile Manager or Organization Head may grant individual users access to CAMS by assigning them a Primary Role. Please see [Security Access by Role](#) for a description of each Primary Role's level of access.

For users that should only have access to a specific project, enter Organization Review for their Primary Role here. The Profile Manager or Organization Head can grant these users project-specific access from the [Project Roles](#) page.

1. Click **Edit** to update the staff member's information or primary role.
2. The fields at the top of the page populate with the staff member's information.
3. Edit the fields that require revision.
4. Click **Update**.

Clicking the 'Reset' button will clear all fields. If you did not wish to clear all fields, do NOT click 'Update.' Instead, refresh the page.

Remove Existing Staff

Staff that are no longer working with the organization must be removed from the organization's staff list in CAMS. Since the Profile Manager and Organization Head are the only users authorized to make changes to the organization information and staff list, it is especially important that these roles are assigned to an active CAMS user who is a current member of the organization. In the event of staff turnover that results in removal of the assigned Profile Manager or Organization Head, the role(s) must be reassigned by either adding a new staff member or editing the role of an existing staff member. Email the CAMS Help Desk at CAMSHelp@dhcd.virginia.gov if your organization no longer has access to CAMS due to your Profile Manager and/or Organization Head leaving the organization without reassigning those primary roles.

Name Email	Title	Work Phone Cell Phone	CAMS Primary Role	Edit/Remove
Doe, John john.doe@email.test	Manger	Work: (123) 456-7890 Cell:	Project Manager	<input type="button" value="Edit"/> <input type="button" value="Remove"/>

1. Click **Remove** next to the staff member you wish to remove from the organization.
2. Click **OK** in the pop-up window to confirm removal of the staff member.

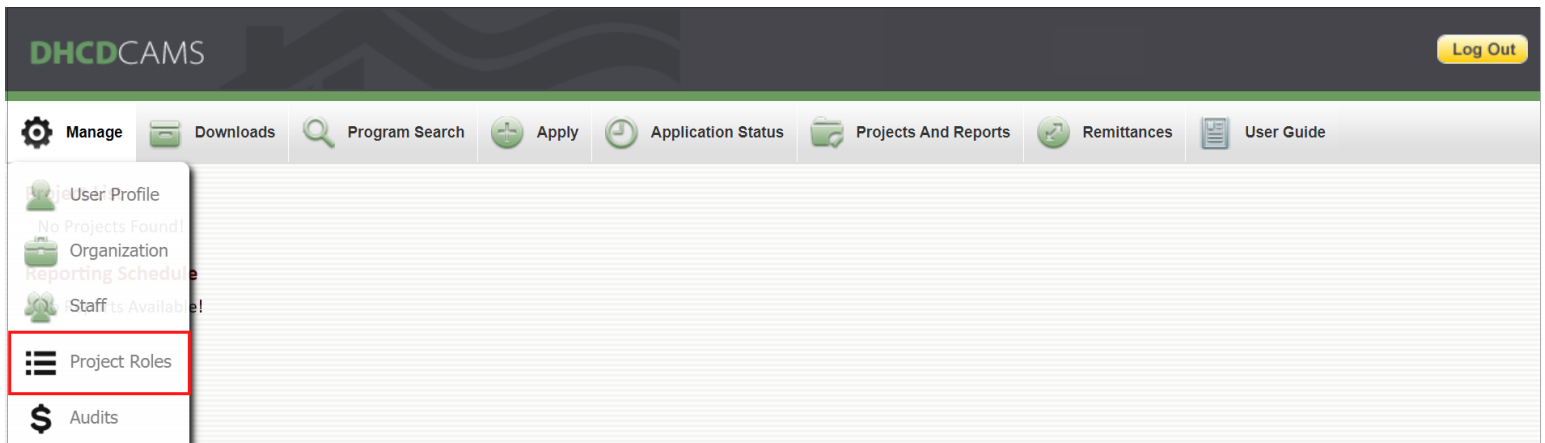

Once removed from an organization staff list, a user no longer has access to the organization's CAMS profile. Remember to reassign any project roles to which the removed user was assigned.

Only users with the Profile Manager/Organization Head primary role can edit the Manage Project Roles page. Project roles are optional. They provide or restrict access for the project tabs (i.e. Project Information, Budget, Remittances, and Reports & Documents) of a specific project. The user's primary role determines their access to any of the remaining projects associated with the organization's profile, see *Staff*. If assigned, the permissions of the user's project role override the permissions of their primary role for the assigned project only. For an explanation of primary and project role access, see *Role Explanations*.

Follow the steps below to manage project roles:

1. Login to CAMS.
2. Click **Manage** in the navigation bar at the top of the page.
3. Select **Project Roles** from the dropdown menu.

Project roles can only be assigned for approved projects. Applications in any status are unavailable for project role assignment and will not appear in the dropdown menu.

4. Select a project from the drop down menu to view or update project roles.

Manage Project Roles

Project Role assignments provide project-specific access. Users must first have a Primary Role assignment to be given a Project Role. The Profile Manager or Organization Head may assign the user a Primary Role from the [Manage Staff](#) page. Please see [Security Access by Role](#) for a description of each Primary Role's level of access.

Primary Roles

Every user is assigned a primary role when they are added to an organization's staff list. Primary roles determine the user's access to organization pages and project tabs in CAMS. Access to the project tabs of a specific project can be altered by assigning a project role. Typically, the Profile Manager/Organization Head is not assigned a project role because they already have the highest level of CAMS access.

Project Roles

Project roles are optional. They provide or restrict access to the project tabs of a specific project. The user's primary role determines their access to any other projects associated with the organization's profile for which they are not assigned a specific project role.

Primary Roles ONLY *

- Profile Manager

- Profile Manager, Organization Head

Primary OR Project Roles

- Project Manager
- Project Administrator
- Financial Analyst
- Consultant
- Organization Review

*Cannot be assigned as project roles; included in the project role section of table below to show project tab access.

All users can manage their user profile and password, access Project Forms and Templates from the downloads page, and search programs. Additional permissions vary based on the user's primary role and project role if assigned, see table below.

The permissions of the user's project role override the permissions of their primary role for the assigned project only. If a user is not assigned a project role, their permissions for the project tabs of all the organization's projects will be the same as those listed for their primary role.

Project Tabs: Edit/save project information; request/submit budget revisions; enter/submit new remittances; complete/submit reports

Profile Manager | Organization Head | Profile Manager, Organization Head

An organization is limited to two Profile Managers and one Organization Head OR one Profile Manager and one Profile Manager, Organization Head. If the same person is listed as the CAMS Primary Contact and Organization Director upon submitting the organization registration request, this user is initially assigned the Profile Manager, Organization Head role. Change this user's role to Organization Head if the organization wishes to assign two separate users as Profile Managers in addition to the Organization Head.

Organization Review

A user assigned the Organization Review primary role has view-only permission for all organization pages and project tabs.

- Organization Pages: N/A
- Project Tabs: N/A

Primary and Project Role Examples

Restricting Access

If a user has the Project Manager primary role, they have full access to edit all project tabs for any project. If the same user is assigned the Project Administrator project role for Project A, they could no longer request budget revisions or enter new remittances for Project A, but the user could still edit all project tabs for any other project.

Providing Additional Access

If a user has the Project Administrator primary role, they can edit/save the Project Information tab and complete/submit reports for any project. If the same user is assigned the Project Manager project role for Project A, they can now request budget revisions and enter new remittances for Project A, but these permissions only apply to Project A. The user cannot request budget revisions or enter new remittances for any other projects.

Specific Project Access

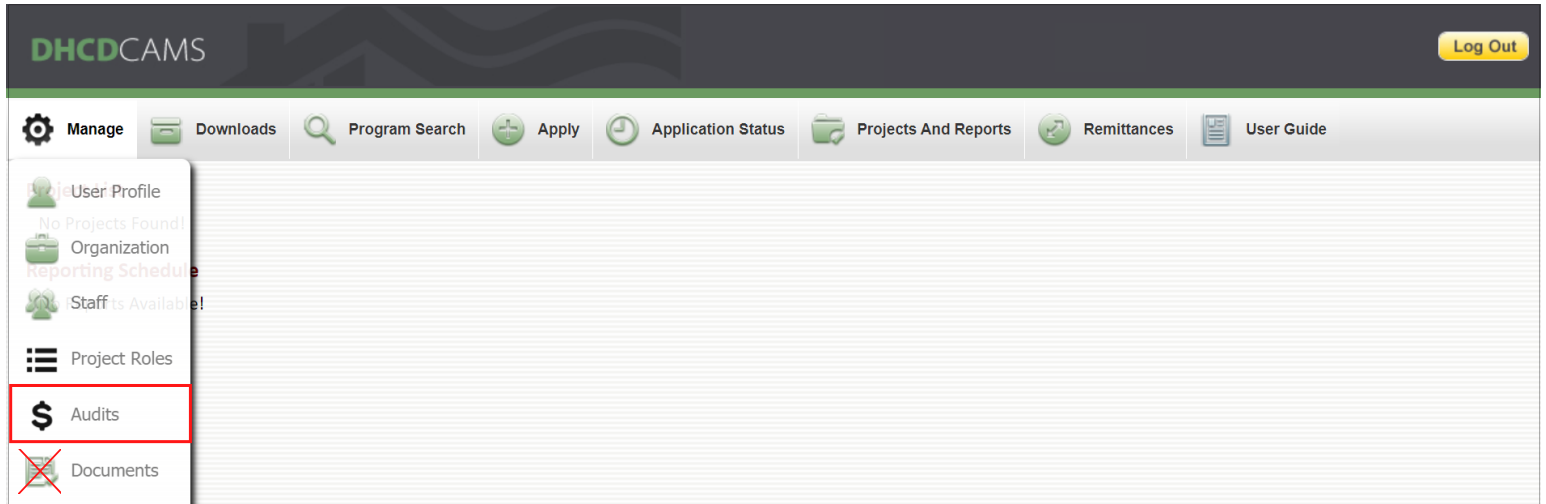

To completely limit a user's CAMS access to a specific project, assign Organization Review as the user's primary role and assign the user a project role for the desired project. This gives the user view-only access to all pages in CAMS except the project tabs for the project to which they are assigned.

Only users with the Profile Manager/Organization Head or Financial Analyst primary roles can edit the Manage Audits page. Financial documentation is NOT required to register your organization for a CAMS profile, however, it must be uploaded prior to applying for funding. After approval of the organization registration request, an audit or financial statement can be uploaded on the Manage Audits page at any time. **DO NOT UPLOAD AUDITS / FINANCIAL STATEMENTS TO THE MANAGE DOCUMENTS PAGE.**

Follow the steps below to upload a new audit:

1. Login to CAMS.
2. Click **Manage** in the navigation bar at the top of the page.
3. Select **Audits** from the dropdown menu.

See DHCD's [Audit Policy](#) if you are unsure of the requirements for your organization.

4. Click **Choose File** to browse for your audit or financial statement.

There is already one audit Pending Review. If you want to remove that audit and submit a new one, delete the one currently awaiting review before submitting a new audit.

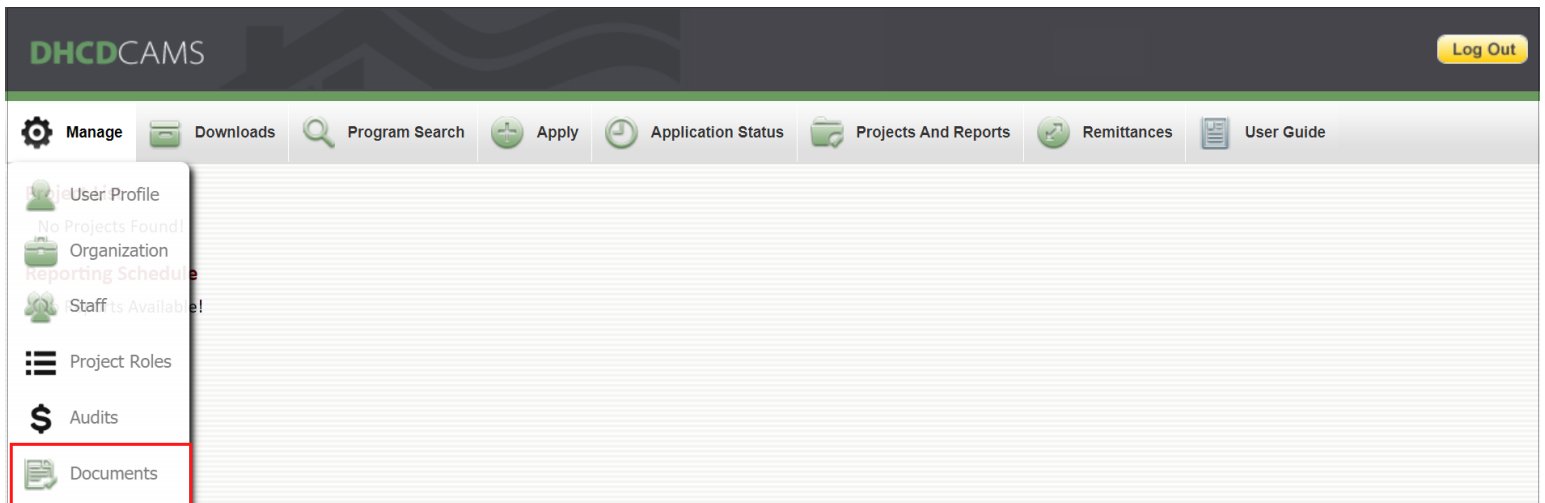

Audit Statuses

- Pending Review: Audit submitted by grantee but not yet reviewed by DHCD. Audit entries in this status can be deleted by the grantee. If an audit is pending, no additional audits can be submitted. Delete the pending audit to submit a new one, or wait until it is reviewed by DHCD. Audits pending review do not prevent an organization from applying for funding.
- Not Accepted: Audit submitted by grantee and deemed incomplete or inaccurate after DHCD review. Audit files for Not Accepted audits are removed automatically. Not Accepted audit entries cannot be deleted.
- Accepted: Audit submitted by grantee and reviewed/approved by DHCD. Accepted audit entries cannot be deleted.

Only users with the Profile Manager/Organization Head or Financial Analyst primary roles can edit the Manage Documents page. Organizations upload documents applicable to the entire organization (e.g. organizational chart, operating agreement, business license, etc) here. **DO NOT UPLOAD AUDITS TO THE MANAGE DOCUMENTS PAGE.** Upload audits to the Manage Audits page, see *Audits*. Upload project-specific documents to the Reports & Documents tab of that project's Project Management page.

Follow the steps below to upload an organizational document:

1. Login to CAMS.
2. Click **Manage** in the navigation bar at the top of the page.
3. Select **Documents** from the dropdown menu.

4. Enter a title for your file in the Document Title field.
5. Click **Choose File** to browse for the document you wish to upload.
6. Click **Save**.

Acceptable file types: Word, Excel, PDF, and ZIP only.

Manage Documents

The Profile Manager or Organization Head may upload any documents applicable to the entire organization here (e.g. organizational chart, operating agreement, mission statement, business license, etc). Audits must be uploaded from the [Manage Audits](#) page. Project-specific documents must be uploaded from the Reports & Documents tab of that project's Project Management page.

To change the name of a document:

1. Edit the Document Title field.
2. Click **Save** (linked beside the title field).

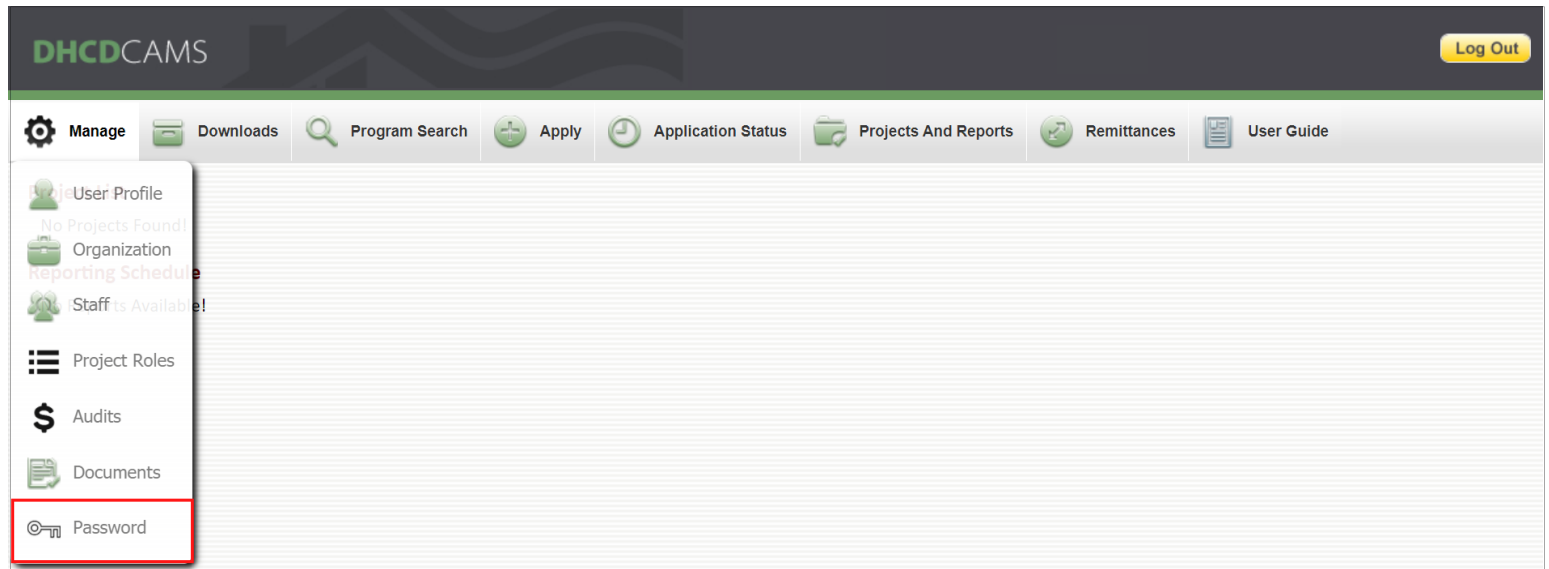

To permanently delete a document:

1. Click **Delete**.

Users can reset their password at anytime. To retrieve a forgotten password, see *Forgot Password*.

Follow the steps below to reset your password:

1. Login to CAMS.

Submit

An organization must submit a CAMS registration request and have an approved profile prior to applying for funding. If your organization does not have a CAMS profile, see *Registration*. Only users with the Profile Manger/Organization Head, Profile Manager, or Program Administrator primary roles can initiate and submit new applications for funding. Users with the Consultant primary role can initiate applications, but a user with one of the previously listed roles must review and submit the application to DHCD.

Application Initiation

The Apply for Funding and Program Search pages display the same program information and links. The Program Search page displays all DHCD programs, while the Apply for Funding page only displays programs with open applications (current date within application start and end dates) for which your organization is eligible to apply - based on your selected Organization and Activity Type(s).

Follow the steps below to start an application:

1. Login to CAMS.
2. Click **Apply** in the navigation bar at the top of the page.

3. Select a program from the dropdown list, or search "All Programs" to view all open applications for which your organization is eligible.
4. Click **Go**.
5. Click **Apply** to initiate an application for that program .

GO VA Per Capita Grants Region 1 (FY19)

The GO Virginia Per Capita Allocation Grant are funds available to the nine regional councils created by the Virginia Growth and Opportunity Act, to support grant requests that advance the Board's goals as well as the prioritized needs and opportunities identified in the Growth and Diversification plans adopted by each regional council. These grant funds are available to the regional councils on a per capita basis where each region gets a proportional share of the available funding based on its current population. Recommendations are reviewed by the Board in making final grant decisions and in approving the conditions and terms that will apply to each grant. It is expected that the grant funds will be used to initiate successful regional collaboration activities but will not be an ongoing source of long-term funding for grant requests.

Application Completion

Each tab of the application must be saved individually before proceeding, but the tabs do not need to be completed in any specific order. Users may complete applications over multiple CAMS sessions. Until submitted, applications have a status of Incomplete and may be withdrawn (deleted). Return to or withdraw Incomplete applications via the Application Status page, see *Application Status*. The following sections provide instructions for the completion of each application tab: Project Information, Project Budget, Narrative Information, Attachments, and Additional Information.

Project Information

Follow the steps below to complete the Project Information tab of the application:

1. Enter the Project Primary Contact.
 - o This user is automatically assigned the project role of Project Manager.
2. Enter the Project Location.
 - o Location where the project will take place, not necessarily the organization address.
 - o Must be in the state of Virginia.
 - o If the project takes place in more than one location, select a centralized address.
 - o If the project takes place statewide, enter the organization address.
3. Click **Add/Edit County, City, or Town**.
4. Select all localities within the Primary Service Area for this project only.
5. Scroll to the bottom of the pop-up window, and click **Done**.
6. Click **Save This Tab**.

Project Budget

The budget on the Project Budget tab of the application is comprised of three columns. The DHCD Request is the amount requested from DHCD. Other Funding refers to leverage that is included as additional funding in the project budget, but is not being paid directly by DHCD to the grantee. The Total column reflects the total amount of funding (from all sources). CAMS times out after 60 minutes of inactivity, so users are advised to save their progress periodically while working on the Project Budget tab. Some applications do not require a project budget. If the Project Budget tab is grayed out, a budget is not required to apply for this program.

Follow the steps below to complete the Project Budget tab of the application:

1. Enter the total amount requested from DHCD in the Total Request field at the top of the page.
2. Click **Add** next to a Cost/Activity Category to add a line item under that category.

Project Budget Information
Please enter your Total Request: \$ 40,000.00

Cost/Activity Category	DHCD Request	Other Funding	Total
+ Administration (8% limit) Add Delete	\$0.00	\$0.00	\$0.00
+ Program Operations Add Delete	\$0.00	\$0.00	\$0.00
TOTAL	\$0.00	\$0.00	\$0.00

3. Select an eligible line item from the dropdown menu.
 - o Some projects have the option to select "Other" as a line item. If "Other" is selected, the user must name the newly created line item.
 - o If a line item is added by mistake or no longer needed, check the box next to the unnecessary line item, and click **Delete** to remove it. The Project Budget tab will not save with an blank line item, see error message below.
4. Enter the amount requested from DHCD for the line item in the DHCD Request field.
5. Enter the amount of non-DHCD funding for the line item in the Other Funding field if applicable.

Project Budget Information
Please enter your Total Request: \$ 40,000.00

*Expand each Category to search for line items still requiring value.

TOTAL	\$45,000.00	\$5,000.00	\$50,000.00

4. Review the budget after adding all line items and funding amounts.

- o Confirm that the DHCD Request column total equals the amount entered in the Total Request field for Step 1.
- o Confirm that all budget constraints are satisfied, see error message below.

Budget constraints apply to Cost/Activity Category totals. There are four budget constraints:

- Max Dollar Amount (\$XX.XX limit)
- Min Dollar Amount (no less than \$XX.XX)
- Max Percent of Total Request (X% limit)
- Min Percent of Total Request (no less than X%)

Narrative Information

All questions on the Narrative Information tab are required for final submission of the application, but users may save their responses to the questions individually and complete this portion of the application over a period of time. Users may type responses directly in the text boxes, however, CAMS times out after 60 minutes of inactivity. To prevent losing unsaved information, draft and save unformatted responses in MS Word, Google Docs, or Notepad before pasting and formatting each response in the application. Save the Narrative Information tab after completion of each question. Note that text boxes on the Narrative Information tab are limited to 6000 characters.

Follow the steps below to complete the Narrative Information tab of the application:

1. Select all Project Types that apply. Refer to the application instructions for guidance.
 - o If there are no Project Types, proceed to Step 3.
2. Click **Go**.
3. Type responses for each Narrative Information question in MS Word, Google Docs, or Notepad.
4. Copy and paste unformatted responses into the corresponding text boxes.
 - o Paste using Ctrl + Shift + V to remove formatting.
 - o Click **OK** when prompted to allow CAMS to clean pasted text if formatting is detected.
 - o Do not paste tables/charts or text from Excel or PDF files.
 - o Only format the response using the buttons above the text box.
5. Click **Save This Tab** after pasting and formatting each response. 
6. Click **Print** to review the content and formatting of all responses as they will appear in the final application document submitted to DHCD.

Responses in text boxes on the Narrative Information tab may appear differently on the final application document.

To check character count of a response before pasting, highlight text and click on Word Count in lower-left corner (MS Word) or highlight text and click Ctrl + Shift + C (Google Docs).

Attachments

Unless otherwise indicated, all document uploads listed on the Attachments tab are required for application submission. Please use attachment templates if provided. Download, complete, and save the template on your computer. Then, choose and upload the completed template file to the corresponding attachment slot. Additional documents may be uploaded in the "Optional" space(s) provided.

Follow the steps below to complete the Attachments tab of the application:

1. Click **Choose File** to browse for the appropriate document.
 - o Click **HERE** to download and use the preferred attachment template if provided.
 - o Name "Optional" attachments using the Enter Your Additional Title field.
3. Click **Save This Tab** after uploading all required documents.

Acceptable file types: Word, Excel, PDF, JPEG, TXT, and ZIP only.

The screenshot shows the 'Attachments' tab of the 'Application Submission' page. At the top, there is a 'Print' icon and the title 'Application Submission'. Below this, application details are listed: Application ID: 57001052021164153, Project Name: DHCD Test User Guide Project 2021, Program Name: GO VA Per Capita Grants Region 1 (FY19), Application Start Date: 01/01/2020, Application End Date: 06/30/2021, and Status: Incomplete. A navigation bar includes 'Project Information', 'Project Budget', 'Narrative Information', 'Attachments' (highlighted), and 'Additional Information'. A green 'Save This Tab' button is visible. The main content area is titled 'Please submit/upload following required documents:' and contains four sections: 'Letters of Financial Commitment', 'Letters of Support', 'Budget Overview', and '(optional)'. Each section has a 'Choose File' button and a 'No file chosen' status. A red arrow points to the text '(Click HERE for template)' in the Budget Overview section. The optional section has an 'Enter Your Additional Title' text box.

Additional Information

The Additional Information tab is optional. It provides the applicant with an opportunity to include any relevant comments regarding the application/project for the DHCD application review team. Completion of this tab is not required for application submission.

Follow the steps below to complete the Additional Information tab of the application:

1. Enter comments in the space provided if desired.
2. Click **Save This Tab**.

The screenshot shows the 'Additional Information' tab of the 'Application Submission' page. It features the same header and navigation as the previous screenshot. A green 'Save This Tab' button is present. The main content area is titled 'Enter optional comments regarding your application in the space below:' and contains a large, empty text box for entering comments.

Application Submission

Organizations must complete and submit applications before the application end date to be considered for funding. Remember to save often.

Each time a tab is saved while completing the application, the user receives this message:

devhome says

This page has been saved successfully. The application is not yet completed.

OK

If the Submit Application button is not available, the application is missing required information or the user's primary role does not allow them to submit applications (i.e. Consultant, see Role Explanations).

When all required fields are complete and the final tab is saved, the user receives this message and the Submit Application button appears:

devhome says

The application is now complete, but has not yet been submitted to DHCD. IT IS STRONGLY SUGGESTED THAT YOU PRINT AND REVIEW THE APPLICATION.

An authorized user at the organization must submit the application prior to the application end date.

OK

Follow the steps below to submit the application to DHCD for final review:

1. Click **Print** to review the content and formatting of the final application document.
2. Navigate to the appropriate application tab and make revisions if needed.
3. Click **Submit Application**.

All users can view the Project Management page for any project. A user's ability to edit the tabs on the Project Management page depends on their primary role (and project role if assigned, see *Role Explanations*). The following sections provide instructions for the completion and use of each project tab: Project Information, Budget, Remittances, and Reports & Documents.

Project Information

The information on this tab is populated by your DHCD Program Administrator or using the information submitted with the application. Authorized users may edit this information as needed. See *Role Explanations* to determine who has permission to edit this tab.

Project Primary Contact

This user is automatically assigned the project role of Project Manager.

Project Location

Budget

If you need to add/remove line items or change the funding amounts in your project budget, you must request a budget revision. Be sure to follow any budget instructions at the top of the Budget tab. After revising line items or funding amounts, the budget revision must be saved and requested for DHCD to review it. Contact your Program Administrator before requesting changes to your project budget if you were not initially instructed to do so by DHCD staff. See *Role Explanations* to determine who has permission to edit this tab.

Revision History and Budget Status

Use the View Budget Revisions drop down menu to view previous versions of the budget.

The budget status appears in parentheses after the Revision #.

- o Incomplete: Budget revision saved by grantee but not requested. Can be deleted.
- o Pending: Budget revision requested by grantee and awaiting review by DHCD.
- o Approved: Budget displayed is current and approved by DHCD.

Budget Columns

The amounts in the DHCD Request and Other Funding columns can be edited. The amounts in the TOTAL and Available Funds columns will automatically adjust based on the amounts entered in the first two columns. Requested amounts from paid or pending remittances are subtracted from Available Funds total for each line item.

- o DHCD Request: Amount requested from/awarded by DHCD to the grantee.
- o Other Funding: Leverage to be used as funding for project, but not paid by DHCD.
- o TOTAL: Total amount of funding (from all sources).
- o Available Funds: Amount of funds remaining to be requested from DHCD.

Budget Narrative

DHCD or the grantee can edit the Budget Narrative text box at anytime.

Request Budget Revision

Follow the steps below to request a budget revision:

1. Login to CAMS.
2. Click **Projects And Reports** in the navigation bar at the top of the page.
3. Click **Detail** next to the project requiring a budget revision.
4. Click the **Budget** tab.
5. Add/delete line items if necessary, or proceed to Step 6.
 - a) Click **Add** next to the Cost/Activity Category.
 - b) Select a new line item from the options in the drop down menu.
 - Some projects have the option to select "Other" as a line item. If "Other" is selected, the user must name the newly created line item.
 - If a line item is added by mistake or no longer needed, check the box next to the line item, and click **Delete**. The Project Budget tab will not save with an blank line item.
 - c) Enter the amount requested from DHCD for the line item in the DHCD Request field.
 - d) Enter the amount of non-DHCD funding in the Other Funding field, if applicable.

Line items that have already been included in remittances cannot be deleted, but a budget revision can be requested to change the funding amounts for these line items.

CAUTION

The Available Funds total appears negative if the amount entered for the DHCD Request exceeds what is available for a line item.

- Requests resulting in line items with negative Available Funds are permitted as long as the total amount of Available Funds for the Cost/Activity Category under which the line item falls is greater than or equal to \$0.
- Program-specific guidelines may prohibit this function despite the capability of CAMS to submit the request. The remittance could be denied and require resubmission.
- An error message appears if the request exceeds the amount of Available Funds for a Cost/Activity Category or the budget overall, see example below.

Cost/Activity Category	DHCD Request	Other Funding	Available Funds
<input checked="" type="checkbox"/> Administration	\$0.00	\$0.00	\$1,991.01 *Invalid

Construction Subtotal	\$22,000.00	\$0.00	-\$3,483.00
TOTAL	\$22,000.00	\$0.00	-\$1,491.99

The \$16,000 request for Abatement under the Building Construction/Renovation category exceeds both the line item total (\$3,267) and the category total (\$15,117).

The \$6,000 request for Other Rehab Expenses under the Facility Construction/Rehab category exceeds the line item total by \$4,000 and the category total by \$2,600.

The total remittance request of \$22,000 exceeds the overall budget by \$1,491.99.

All users can view the remittances submitted for any project from the Remittances page. (All users can also view remittances submitted for a specific project from that project's Remittances tab, see *Project Management*.) Users with the Profile Manager/Organization Head, Project Manager, or Financial Analyst primary roles can enter new remittances from this page as well. Users with the Consultant primary role have the ability to prepare and save remittances, but they must be submitted by a user with one of the roles previously listed. See *Role Explanations* for further details.

Follow the steps below to access the Remittances page:

1. Login to CAMS.
2. Click **Remittances** in the navigation bar at the top of the page.

Search Remittances

1. Select a program from the Program Name drop down menu or search "All Programs" to view remittances for any program under which the the organization has a project.
2. Select a status from the Remittance Status drop down menu or search "All Remittances" to view remittances of any status.
3. Click **Go**.

The screenshot shows the 'Remittances' search interface. It features a 'Program Name' dropdown menu set to 'All Programs', a 'Remittance Status' dropdown menu with 'All Remittances' selected, and a 'Go' button highlighted with a red box. A red arrow points from the 'Go' button to a link labeled 'Enter New Remittance'.

Enter New Remittance

1. Click **Enter New Remittance**.
2. Select one of the organization's projects from the Select Project drop down menu.
3. Complete the remittance form. See *Project Management* for further instructions.

The screenshot shows the 'Select Project*' dropdown menu. The dropdown is open, displaying a table with two columns: 'Project Name' and 'Program Name'. The first row shows 'DHCD TEST ARS 2018' under 'Project Name' and 'Acquire, Renovate, Sell (ARS) 2018' under 'Program Name'.

Project Name	Program Name
